FOR IMMEDIATE RELEASE

FULL HIGHWAY CLOSURE
STATE ROUTE 4 FROM STAGECOACH ROAD TO ALDELBERT ROAD IN STOCKTON

San Joaquin County – The California Department of Transportation (Caltrans) closed State Route 4 from Stagecoach Road to Aldebert Road on Tuesday, October 7, 2014, until November 7, 2014.

Motorists should expect 15 minute delays. Signed detours will be in place. Alternate routes should be taken whenever possible.

This work is scheduled to begin as listed, but is subject to change due to traffic incidents, weather, availability of equipment and/ or materials, and construction related issues.

This closure is part of the SR-99 South Stockton Widening Project. The $214.5 million project will widen SR-99 from four lanes to six lanes from Arch Road to SR-4. The project will build bridges; rebuild existing interchanges and permanently close some existing interchanges. The project when completed will ease congestion, improve mobility, decrease commute times and enhance safety within and through the county. Caltrans would like to extend our appreciation to motorists and residents for their cooperation during the construction of the SR-99 improvement project.
