

## Deputy Division Chief

Nieves Castro

### Active Transportation & Complete Streets

Alyssa Begley

- State Bicycle & Pedestrian Plan
- Caltrans District Active Transportation (CAT) Plans
- Smart Mobility Framework
- Complete Streets Technical Advisory Committee
- Complete Streets Toolbox
- Complete Streets Coordination with HQ Programs
- Active Transportation Data Improvement
- Active Transportation Performance Measure
- Active Transportation Project Nomination & Development Support
- Accessibility Analysis
- Reconnecting Communities/Highways to Boulevards

### Corridor & System Planning

Roy Abboud

- Corridor Planning Guidance & Oversight
- Caltrans System Investment Strategy (CSIS)
- State & Local (Reimbursed) Sponsored PID Evaluations & Nominations
- Interregional Transportation Strategic Plan (ITSP)
- Interregional Transportation Improvement Program (ITIP) Project Nominations
- District System Management Plan (DSMP) Guidance
- Relinquishments & Rescissions
- Geospatial Information Analysis Network Tool (GIANT) & Multimodal Operational Non-SHOPP Transportation Equity Report (MONSTER) List
- Solutions for Congested Corridors Program (SCCP) Project Nominations

### Project Planning

Jonathan Camp

- PID Program Guidance
- Resource Statewide SHOPP, STIP, & Local Funded PIDs
- PID Workloads in Coordination with District PID Units, Asset Management, & Project Delivery
- PID Expenditure, Allocation, & Position Information for Internal & External Reporting

### Transit Planning

Josh Pulverman (Acting)

- Transit Funding Oversight (SB 125)
- Transit Policy Implementation
- Needs on State Highway System
- Statewide Transit Plan
- District Transit Plan
- District Transit Planning Guidance
- Transit Project Database
- Transit Development Act Oversight
- Transit & Intercity Rail Capital Program Application Process

### Strategic Investment Planning

Sinara Pheng

- State & Federal Competitive Grant Programs (SB1 SCCP & TCEP, ATP, RAISE, MPDG, RCN, etc.)
- State & Federal Grant Applications
- Multi-modal Project Database
- 10-Year Multi-modal Investment Plan
- Caltrans Letters of Support & Partnership requests
- CSIS Alignment for Pipeline Projects
- Track Performance Measures related to CSIS
- Coordinate with DOTP, HQ Programs, & Districts on priority projects
- Guidance & tools to support Investment Planning

### Transportation Equity & Community Engagement

Gabriel Corley

- Caltrans Public Engagement System (CPES)
- Reconnecting Communities State & Federal Grant Programs
- Community Engagement Playbook (with Project Management)
- Title VI Coordination & Reporting (DOTP)
- Public Participation Plan for the CTP & FSTIP
- Equitable Engagement Training
- Equity, Engagement, & Health Action Plan Implementation / Update
- Equitable Engagement Toolbox
- Planning Public Engagement Contract (PPEC)
- Planning Contacts Database
- Health in All Policies (HiAP) Task Force Participation
- Statewide Community Engagement Program Coordination

## Deputy Division Chief

Yatman Kwan

### Assets & Equipment

Olivia Arant (Acting)

- DOTP fleet planning & project management support
- Fleet Management Plan
- Caltrans fleet of railcars & locomotives
- Fleet availability & deployment with local agencies & Amtrak
- Operations and maintenance of the Oakland Maintenance Facility
- Contracts & agreements for new rail passenger rolling stock acquisition contracts; ensure new rail rolling stock conforms to Federal regulations, contract provisions, & service needs
- Engineering expertise for California passenger rail fleet engineering
- Technical oversight for engineering work
- Zero-emissions Rail Collaboration
- State investments in partner rail maintenance facilities

### Strategic Freight Planning

Kalin Pacheco (Acting)

- California Freight Mobility Plan
- California Freight Advisory Committee
- Freight Research
- Critical Urban/Rural Freight Corridor Designations
- Agriculture & Rural Freight

### Technical Freight & Project Integration

Kelly McClendon

- Interagency Freight Coordination
- Port and Freight Infrastructure Program
- Freight Data, Analysis, & Performance Management
- Zero Emission Freight Vehicle & Infrastructure
- Multi-State Partnership
- Truck Parking
- Freight Project Nomination & Development Support

### Passenger Rail Operations & Maintenance

Andrew Daniels

- Rail equipment maintenance & heavy overhaul support consultant activities
- Contract management oversight
- Development & oversight of task orders
- JPAs of Intercity Passenger Rail Services
- Intercity Passenger Rail Operations financial & operations statistics
- State Rail Assistance grant program
- Annual California Operations Lifesaver (CAOL) contract

### Rail Planning & Implementation

Vacant

- State Rail Plan
- Legislative Analysis
- Modal Planning & Corridor Planning Liaison
- Passenger rail service planning technical assistance
- Network operations modeling
- Intercity passenger rail ridership modeling
- Regional Rail Coordination

## Deputy Division Chief

Vacant

### Air Quality & Climate Change

Keri Robinson (Acting)

- Planning & Environmental Linkages Program
- Environmental Considerations in Planning
- Air Quality Conformity Technical Assistance, Quality Assurance Statewide, & recommend approval for all Regional & Project-Level conformity requests
- NEPA: Air Quality Conformity Quality Assurance Monitoring
- Climate Change Adaptation Planning Program & Guidance
- Caltrans Climate Change Vulnerability and Risk Assessments
- Tribal/Regional/Local Adaptation Planning Grant Program
- District Adaptation Project Investment Strategies (DAPIS) Development Guidance
- PROTECT: Federal Discretionary Grants and Planning Studies & SCRIPT
- Caltrans GHG Emissions Reporting to Climate Registry
- Interagency Consultation (IAC) meetings on air quality conformity (40 CFR 93.105)
- Major (EIS) Environmental Documents (NEPA Assignment)

### Housing & Transportation

Vacant

- Housing & transportation linkage efforts
- Department's Homelessness Solutions Program
- Caltrans' Statewide Property Inventory

### Safety & System Management

Nick Compin

- DOTP Safety Planning Lead
- Road Safety Action Plan
- Safety & Safe Systems Implementation
- Director's Policy 36
- Safety Metrics
- Planning for Operations
- Managed Lanes System Plans

### Regional & Community Planning

Erin Thompson

- Regional Transportation Plans Oversight & Guidelines
- Overall Work Programs Guidance, Tools, & Oversight
- Fiscal Oversight for Pass Through Budget (enacted)
- Sustainable Transportation Planning Grant Program (pre & post-Award)
- Geo-Based Tracking System
- Local Development Review Guidance, Tools, & Oversight
- Cost Incurred & Pre-award Audits Oversight
- Third Party Contract Oversight
- Title VI Plans Oversight
- Disadvantaged Business Enterprise Oversight & Reporting

### State Planning

Scott Sauer

- California Transportation Plan (CTP)
- CTP Guidelines
- CTP Implementation Report
- Legislative Analysis & Coordination
- Planning Research Coordination
- Future of Mobility Engagement
- One Plan Initiative
- Benefit Cost Analysis (BCA)
- Economic Impact Analysis (EIA)
- Executive Fact Booklet
- Economic On-Call Assistance
- CSF2TDM
- Transportation Modeling Software, Training Support, & On Call Assistance
- Emissions Modeling Support
- Performance Measure 3
- Enterprise Data Management for DOTP
- CTP Implementation Dashboard

## Aeronautics Program Director

Tarek Tabshouri (Acting)

### Airports

Patrick Miles

- Public-use airport and hospital permit compliance/safety inspections
- FAA Airport Master Records updates
- Evaluation of proposed schools and new State government buildings located near airports
- Helicopter Landing Authorization for K-12 Schools
- Federal, State, & local agency coordination on aviation & airport safety matters

### Airport Noise Program

Vacant

- CEQA Review of Projects at/in Proximity of Airports
- Administration of Airport Noise Regulations

### Aviation Planning

Matt Friedman

- Aviation state-wide & regional system planning
- Airport land use compatibility planning policy & guidance
- Aviation planning around equity, sustainability, economic impacts, & climate action
- Federal Aviation Administration planning coordination
- Legislative bill analysis
- Advanced Air Mobility Planning Activities

### Technical Services & Programs

Tarek Tabshouri

- Airport Engineering & Drafting Services
- State Grants & Loan Programs Administration
- Project Planning, Programming, & Oversight
- Statewide Airport Pavement Management
- Aeronautics Fund Estimate Review

### Unmanned Aircraft Systems (UAS) Program

Lori Lee

- UAS Program Operations Management
- UAS Policies and Procedures Development
- UAS HQ and District Integration & Coordination
- Remote Pilot, UAS, & Operations Tracking
- UAS Safety Management System & Training Curriculum
