Sacramento, CA 95814

**Tuesday - August 25, 2015**
**10AM - 1PM**
Joseph P. Bort MetroCenter
101 Eighth Street
Oakland, CA 94607

## About LCTOP

LCTOP is one of several programs established by Senate Bill 862, approved by the California Legislature in 2014. Approved projects in LCTOP will support new and expanded bus and rail services, expand intermodal transit facilities, and may include equipment acquisition, fueling, maintenance and other costs to operate those services and facilities, with each project reducing greenhouse gas emissions.

As a facet of the Transit, Affordable Housing, and Sustainable Communities Program, the goals of the LCTOP program fall in line with the mission of the California Department of Transportation – to improve mobility across California, reduce greenhouse gas emissions, and provide service and benefits to California's disadvantaged communities.

**Contact:** For questions and comments regarding the LCTOP program, email lctopcomments@dot.ca.gov
