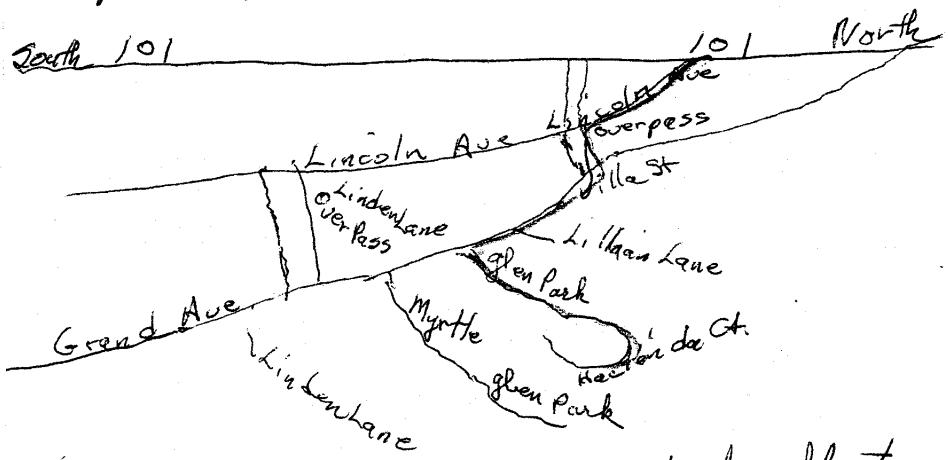
7-19-97

Dear Ms. Simpson,

I'm writing in regard to the 101 Gap Closure project. We live on Hacienda Court in San Rafael which location I've tried to explain in the map below.



Our problem is we used to be able to turn left off of Lincoln and go under the overpass to Villa St. and then up Glen Park Ave to Hacienda Ct. When the 101 was widened the last time stripes were put in so that we could not turn left & go under the overpass. Now we have to continue down Lincoln Ave. to the Linden Lane overpass - go under it and double back up Villa to our street.

What we're asking is that we be able to use the first underpass again (route in red)

Sincerely,

Beverly & Richard Stone
