	Item 31-33 Contractor shall prepare the Stormwater Pollution Prevention Plan for task orders which exceed 1 acre of disturbed soil - The SWPPP shall be prepared by a Qualified SWPPP Developer (QSD) as per qualification requirements of State Water Resources Control Board. Plans must be acceptable to the Contract Manager. A QSD shall act as the WPCM (Water Pollution Control Manager) and shall be responsible for the implementation of a SWPPP. The implementer of the BMPs specified in the SWPPP must have the qualifications-certification of a Qualified SWPPP Practitioner (QSP). At the discretion and direction of the Caltrans Contract Manager, the contractor's WPCM (Water Pollution Control Manager) will provide to Caltrans Contract Manager all information for Storm Water Annual Report which includes certifications, monitoring and inspection results, and obtaining Storm Water Annual Report acceptance. Including all information required to submit a Notice of Termination (NOT) such as photos, reports, etc... for each demolition site. Caltrans specifications require that the project specific WPCP be prepared by a Qualified SWPPP Practitioner (QSP). The WPCM responsible for implementation of the WPCP must have the same qualifications as a QSP.							
31	STORM WATER POLLUTION PREVENTION PLAN – To be developed and Implemented in accordance with Caltrans' Statewide Storm Water Permit and General Construction Permit, and acceptable to Caltrans Contract Manager.
