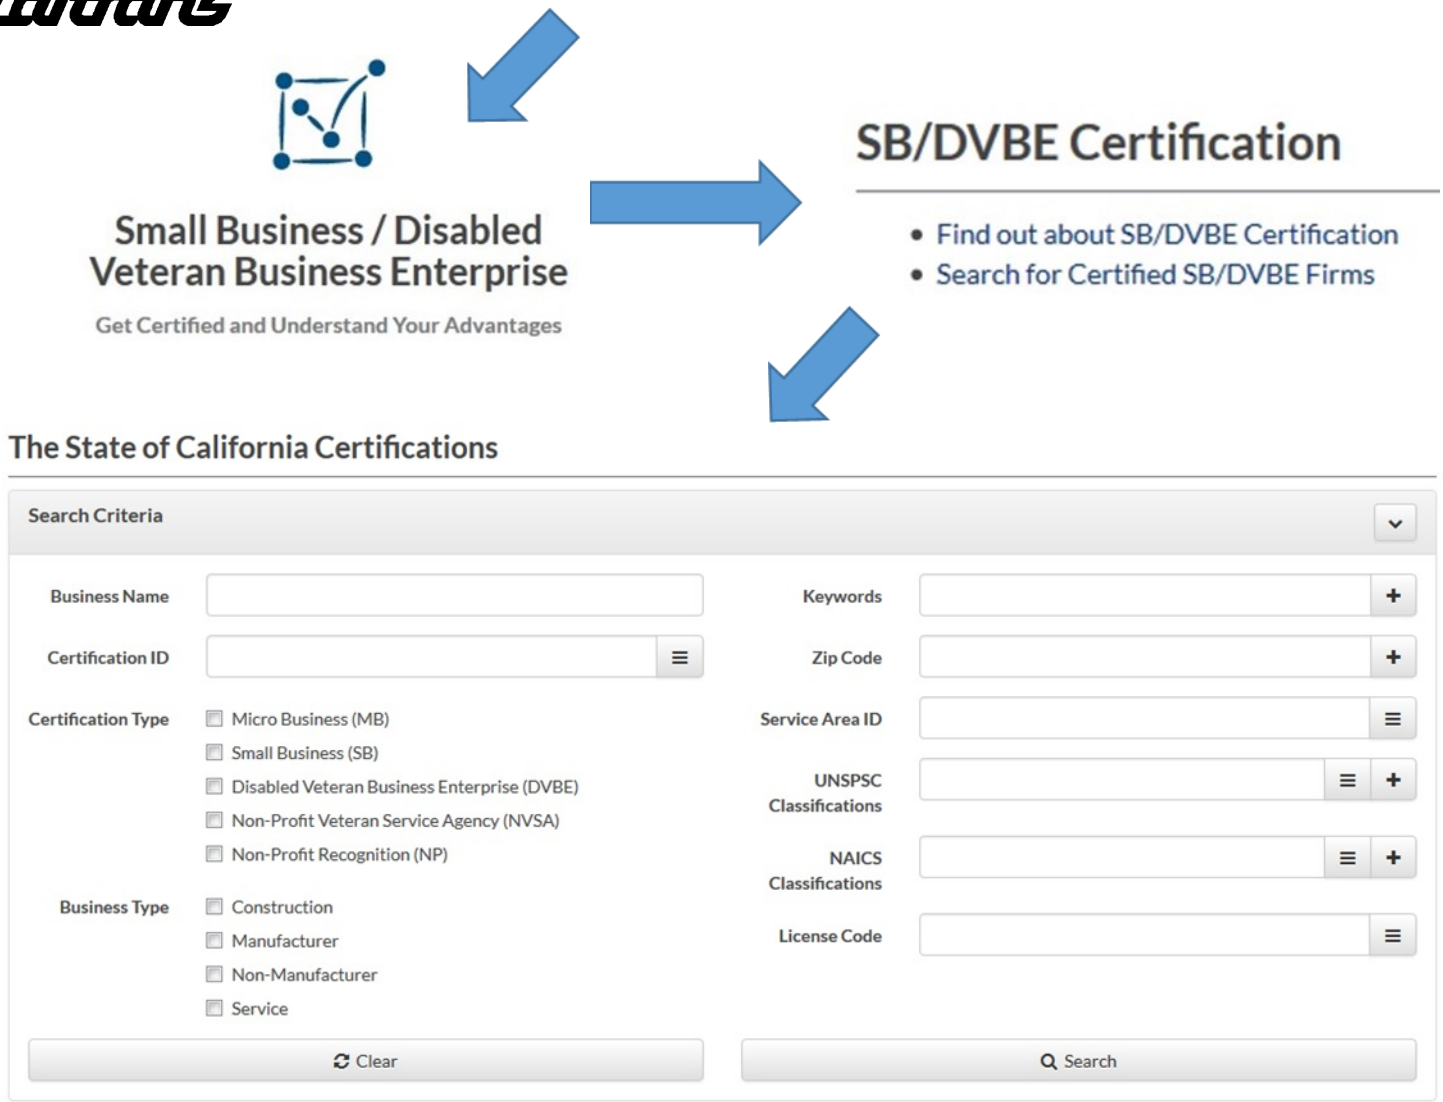
Searching for SBs and DVBEs

Cal eProcure: https://www.caleprocure.ca.gov/



*Search by Business Name, Certification Type, NAICS Classifications, and more!

*When searching for a specific firm, use the Business Name function **OR** the Certification ID function, but not both together as they may cancel each other out.

Results: You can click on each individual firm to find their information or download and save the list.

- Keep in mind:

  List is randomized, so every search brings up new firms.

  User should make sure to look through entire list and check prospective firms' classifications/licenses to make sure you find what you need.

  Database is constantly being updated, so it may be worth doing a new search every time in order to have the most up-to-date information available.
