B.O. 04/09/2013

Dear Mr. Castle:

The Office of Business and Economic Opportunity's Contract Evaluation Unit (CEU) re-evaluated the DVBE summary form submitted by Central Valley for the above contract. Central Valley listed Global Environmental Network, Inc. (GENI) as a DVBE participant to supply Noise Monitor Equipment for this project.

Upon further review of the bid documents and clarification of services from GENI, CEU has determined that GENI has met the DVBE requirements and can supply the equipment for this project. Therefore, Central Valley will be allowed to use GENI as a DVBE Supplier.

Based on the above determination, Caltrans rescinds it original finding that Central Valley did not meet the goal of the contract and reinstates Central Valley as the low bidder on the contract. Caltrans will proceed to award this contract to Central Valley the lowest responsive bidder on the contract.

If you have any questions, please contact Mulissa Smith, Contract Awards Branch Chief, at (916) 227-6228.

Sincerely,

JOHN C. McMILLAN
Deputy Division Chief
Office Engineer
