Dear Mr. Fard:

The Department of Transportation (Caltrans) received a letter dated December 5, 2014 from United Engineering & Construction, Inc. (United Engineering) for Contract No. 07-287304 addressing Caltrans nonresponsive decision. United Engineering alleges that the error on the Subcontractor List form was typographical and United Engineering requests revising the percentages to reflect each bid item subcontracted rather than the percentage of the total contract bid.

In regards to the Subcontractor List form, please refer to the Contract Revised Standard Specifications Section 2-1.33, BID DOCUMENT COMPLETION AND SUBMITTAL, which states:

"... Failure to submit the forms and information as specified results in a nonresponsive bid.

As you are aware, Caltrans receives many bids in response to its highway construction needs and strives to ensure the integrity of the competitive bidding process. Caltrans evaluates each bid to determine whether a bid meets the requirements of both the State/Federal contract approval process. With respect to the nonresponsive findings, Caltrans original determination remains.

Based on the above, Caltrans will proceed to award this contract to the lowest responsible bidder, provided that all requirements have been met.

If you have any questions, please contact Mulissa Smith, Contract Awards Branch Chief, at (916) 227-6228.

Sincerely,

JOHN C. McMILLAN
Deputy Division Chief
Office Engineer
Division of Engineering Services
