*** Super Dump quantity limited and based on scheduling**

Please contact us for information on dump site availability

Prices are subject to the following terms and conditions:

Haul only pricing is based on the customer's direct purchase and scheduling with the material supplier or dump site.

Delivered pricing includes scheduling, costs of materials, applicable tax and cost of trucking (tonnage rate conditions will apply).

Per Ton/Per Load Haul Only rates will include the following conditions:

- Transfers are allotted 15 min. to load/20 min. to dump. Super dumps, end dumps and bottom dumps are allotted 15 min. to load/15 min. to dump.
- Time exceeding the allotted load/dump time for each truck will be billed at a rate of $1.67 per minute for transfers, end dumps, and bottom dumps, and a rate of $1.83 per minute for super dumps. If the standby time exceeds 30 minutes that truck will be billed at the applicable hourly rate.
- Flatbeds are allotted 1 hour to load and 1 hour to unload; if loading/unloading exceeds allotted time the truck will be billed at the applicable hourly rate.
- Per Ton/Per Load rate applies only to the delivery site(s) specified in the quote.
- Per Ton/Per Load rate is for hauling into/out of an unrestricted site with no need for escorting. Should anything impede the hauling of material, standby terms would apply and start at the site and time of the delay.
- If the supplier or material changes during a shift the shift will be billed hourly.
- If the delivery site changes the shift will be billed hourly.
- Partial shifts will also be billed hourly.
- For work performed under this tonnage rate agreement on weekends or holidays, an additional 5% will be charged per ton.
- For work performed under this tonnage rate agreement after December 31, 2018 the rates are subject to a 5% cost of living increase.

General Hauling Terms: For flatbed hauling, travel time will be billed for the time in excess of 30 minutes it takes to travel to/from the starting location from/to our yard in El Dorado Hills, CA and billed at the applicable hourly rate. All trucks charge back to their original starting location empty. We reserve the right to refuse to haul material that we deem either unsuitable for the truck requested or material such as open grade/rubberized asphalt. If a special agreement is made to haul open grade or rubberized asphalt, there will be a 1-hour clean-out charge billed for each truck at the applicable hourly rate. West Coast Water & Trucking, Inc is not responsible for delays or loss of production caused by weather, road or traffic conditions, mechanical failure or any other condition beyond our control. For projects that require drivers to be paid the equivalent of the Teamsters wage rate, as defined by the prevailing wage determination for the respective county, owner-operators will be used. If the contractor requires company trucks to perform said work, add 35% to the applicable hourly rate.

For day work there is a four (4) hour minimum charge per truck. For night work there is an eight (8) hour minimum charge per truck. There is a two (2) hour show-up time charge per truck if the job is cancelled and the truck(s) have already shown up on the job site. All prices quoted are subject to fuel increases. A copy of our Fuel Surcharge Assessment is attached. Payments for invoices are due within thirty (30) days of the invoice date. Delinquent invoices are subject to a 2% service charge per month. All prices are for work performed through December 31st 2018. For work performed after December 31st 2018 the rates are subject to a 5% cost of living increase. Prices quoted are good for a period of sixty (60) days from the bid date, signing and returning this quote or the submission of a work/purchase order within the specified time will secure the pricing and terms stated in this quote. A signed work/purchase order also constitutes acceptance of these terms as stated.

Changed Conditions: Any conditions that were not disclosed by the contractor at the time of the bid, which effect the work to be performed by West Coast Water & Trucking, Inc., must be promptly provided in writing for review to determine if a change in pricing is required.

Fuel Surcharge Assessment:

A fuel surcharge is assessed when fuel prices reach $3.50 per gallon as reported by the U.S. Energy Information Administration. The fuel surcharge is 1% for every $0.10 increase in fuel prices, or portion thereof.
The breakdown is as follows:

Diesel price $/gallon	% increase to hourly/tonnage/load rate
$3.50 - $3.599	1%
$3.60 - $3.699	2%
$3.70 - $3.799	3%
$3.80 - $3.899	4%
$3.90 - $3.999	5%
$4.00 - $4.099	6%
$4.10 - $4.199	7%
$4.20 - $4.299	8%
$4.30 - $4.399	9%
$4.40 - $4.499	10%
$4.50 - $4.599	11%
$4.60 - $4.699	12%
$4.70 - $4.799	13%
$4.80 - $4.899	14%
$4.90 - $4.999	15%

*$5.00 and above add an additional 1% for each $0.10 increase in price per gallon.

Fuel prices are checked weekly and any increase is based on the weekly retail on-highway diesel prices found at: www.eia.doe.gov/oog/info/wohdp/diesel.asp.

All fuel surcharges will be billed separately. After the assessment of the fuel prices at the end of the week, if a surcharge is applicable, a bill for the surcharge would be generated based on the hours worked, tons or loads hauled within that week.

A signed work/purchase order constitutes acceptance of these terms.

Thank you.
Jennifer Gemignani
