The breakdown is as follows:

Diesel price $/gallon	% increase to hourly/tonnage/load rate
$3.50 - $3.599	1%
$3.60 - $3.699	2%
$3.70 - $3.799	3%
$3.80 - $3.899	4%
$3.90 - $3.999	5%
$4.00 - $4.099	6%
$4.10 - $4.199	7%
$4.20 - $4.299	8%
$4.30 - $4.399	9%
$4.40 - $4.499	10%
$4.50 - $4.599	11%
$4.60 - $4.699	12%
$4.70 - $4.799	13%
$4.80 - $4.899	14%
$4.90 - $4.999	15%

*$5.00 and above add an additional 1% for each $0.10 increase in price per gallon.

Fuel prices are checked weekly and any increase is based on the weekly retail on-highway diesel prices found at: www.eia.doe.gov/oog/info/wohdp/diesel.asp.

All fuel surcharges will be billed separately. After the assessment of the fuel prices at the end of the week, if a surcharge is applicable, a bill for the surcharge would be generated based on the hours worked, tons or loads hauled within that week.

A signed work/purchase order constitutes acceptance of these terms.

Thank you.

Fuel Surcharge Assessment:

A fuel surcharge is assessed when fuel prices reach $3.50 per gallon as reported by the U.S. Energy Information Administration. The fuel surcharge is 1% for every $0.10 increase in fuel prices, or portion thereof.
The breakdown is as follows:

Diesel price $/gallon	% increase to hourly/tonnage/load rate
$3.50 - $3.599	1%
$3.60 - $3.699	2%
$3.70 - $3.799	3%
$3.80 - $3.899	4%
$3.90 - $3.999	5%
$4.00 - $4.099	6%
$4.10 - $4.199	7%
$4.20 - $4.299	8%
$4.30 - $4.399	9%
$4.40 - $4.499	10%
$4.50 - $4.599	11%
$4.60 - $4.699	12%
$4.70 - $4.799	13%
$4.80 - $4.899	14%
$4.90 - $4.999	15%

*$5.00 and above add an additional 1% for each $0.10 increase in price per gallon.

Fuel prices are checked weekly and any increase is based on the weekly retail on-highway diesel prices found at: www.eia.doe.gov/oog/info/wohdp/diesel.asp.

All fuel surcharges will be billed separately. After the assessment of the fuel prices at the end of the week, if a surcharge is applicable, a bill for the surcharge would be generated based on the hours worked, tons or loads hauled within that week.

A signed work/purchase order constitutes acceptance of these terms.

Thank you.

THIS QUOTE INCLUDES PRE-CON'S TERMS AND CONDITIONS.

PRE-CON PRODUCTS TERMS AND CONDITIONS

1. **Purchase Price.** The Purchase Price specified on the face of this invoice is and shall be considered a lump sum price for the sale and/or installation of the Products based upon the aggregate prices of the time and material components of the Purchase Price including installment charges, if any, as have been separately stated.

2. **Payment.** Payment in full of the Purchase Price, including transportation costs, shall be due thirty (30) days after delivery. Interest at the rate of eighteen percent (18%) per annum shall accrue on the unpaid balance, and on any other charges or expenses payable by Buyer, from the due date until paid in full. Seller reserves the right to forthwith cease all further deliveries if timely payment in full has not been received.

3. **Price Change.** The Purchase Price is binding on the Seller only for the period indicated, and prices are subject to change without notice. The possession of price sheets or catalogs by any person should not be construed as a binding offer to sell by Seller. Price changes made by Seller shall apply to all materials covered by this contract and delivered after said period, provided that delivery is not delayed due to any fault of the Seller.

4. **Delivery.** Seller will deliver the Products to the job site, and if requested in writing by Buyer, Seller shall install, attach and affix the Products to their final location using Seller's trucks, trailers and personnel. The unloading, placement and installation of the Products shall be the sole responsibility of Seller based upon the reasonable directions and requirements of Buyer, unless otherwise agreed in writing. Buyer shall provide and maintain suitable access roads to the delivery site and protect utilities and adjacent structures.

5. **Installation.** In the event Seller is required to install the Products pursuant to Buyer's request, Seller shall further furnish all tools, equipment, labor, materials, structures and accessories which may be required or necessary to properly install and affix to the job site all of the Products. Seller makes no representations or guaranties, nor assumes any responsibility regarding the proper location, alignment, depth size, bedding, supports, physical requirements, base, backfill, compaction or any other condition affecting the placement or installation of the Products specified by Buyer, which responsibilities are exclusively borne by Buyer. Seller assumes no responsibility for water infiltration into any Product placed into any excavation.

6. **Capacity.** Seller shall be deemed a construction contractor for all purposes if Seller is required to install and affix the Products according to the plans and specifications of Buyer. Buyer's payment of the Purchase Price shall not be reduced or subject to any offset, retention, back-charge or other claims by reason of any term or condition not contained herein.

7. **Title.** Seller shall retain title to all Products until the full Purchase Price has been paid and, if Seller is responsible for the installation of the Products, until the Products have been attached to, incorporated in and affixed to their final position by Seller.

8. **Sales Tax.** The Purchase Price of the Products is based upon the assumption that Seller shall install and affix the Products, provided that in the event Buyer does not elect or contract with Seller to install the Products, then Buyer shall be further liable and responsible for the payment of all sales or use tax computed on the gross Purchase Price of the Products.

9. **Warranties.** Seller only warrants that the Products shall conform to the specification thereof and shall be free from defects in labor and materials for a period of one (1) year from date of delivery. If the Products should be found to be defective then upon written notice and after the return of the Product at Buyer's expense to Seller's business premises, Seller shall replace the Product with a duplicate Product free from defect without charge, but without further expense to Seller. SELLER MAKES NO OTHER WARRANTIES OF ANY KIND WHATSOEVER, EXPRESS OR IMPLIED, AND SELLER HEREBY EXPRESSLY DISCLAIMS ALL OTHER IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE OR PURPOSE, EXCEPT FOR THE REPLACEMENT OF ANY DEFECTIVE PRODUCTS AS SET FORTH ABOVE. SELLER SHALL NOT BE LIABLE OR RESPONSIBLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES, COSTS, EXPENSES OR LOSSES SUFFERED BY BUYER, INCLUDING ANY CLAIMED OR ALLEGED DELAY DAMAGES, RESULTING FROM OR CAUSED BY DEFECTIVE PRODUCTS SUPPLIED BY SELLER. Products sold by Seller, but not manufactured by it, are warranted only to the extent such Products are warranted to Seller by the supplier.

10. **Inspections.** Buyer shall inspect the Products for any broken, chipped or other visible defect or deficiency prior to unloading the same and seller shall have no liability for any such deficiencies unless Buyer provided written notice to Seller on the shipping/delivery document evidencing Buyer's receipt of the same. All other inspections of the Products shall be made by Buyer within five (5) days from Seller's delivery of the products to the job site, at Buyer's sole cost and expense, for correct size, symmetry, depth and quality consistent with allowable tolerances and variations consistent with usual trade practices. Unless written notice of rejection is timely received by Seller, it is conclusively deemed that the Products meet with the Buyer's purchase requirements and are complete in accordance with the description of the Products.

11. **Returns.** Products shall not be returned by the Buyer without prior written acceptance by the Seller. The amount of credit to be given, if any, shall be determined by the Seller after inspection of the Products upon return to Seller's business premises.

12. **Quantity.** When the Buyer requests a reduction in total quantity of the Products ordered of more than ten percent (10%) for any category of Products listed, Seller may at its option increase the unit price of the Products a reasonable amount to offset the reduction in quantity.

13. **Scheduling.** Seller's delivery of the Products is based on its present estimate of the time required to ship after receipt of Buyer's order. ACCEPTANCE BY BUYER OF ANY PRODUCTS WITHOUT WRITTEN OBJECTION SHALL CONSTITUTE A WAIVER BY BUYER OF ANY CLAIM FOR ACTUAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ON ACCOUNT OF ANY DELAY IN DELIVERY OF SUCH PRODUCTS.

14. **Ordering Odd Lengths.** The Purchase Price is based upon furnishing not over two percent (2%) of total Products sold having standard four-foot lengths, unless otherwise agreed in writing on the reverse hereof. An additional charge will be made for any excess in such percentage. All pipe and Products will be billed at nominal lengths (4' or 8') and no allowance shall be chargeable for shortage due to bevelling.

15. **Default.** Upon any default by Buyer under this contract, Seller, at its option, may cancel the unfilled portion of this contract, and the full Purchase Price for all Products manufactured by Seller for Buyer under this contract, whether or not delivered to the job site, shall, at Seller's sole option, become immediately due and payable, the exercise by Seller of any of its rights under this contract shall not bar Seller from exercising any other rights or remedies under the applicable lien laws against the property where the Products are placed or installed. In the event of default in payment, or any other breach, Seller may retake possession of the Products wherever they may be found, and may resell the same without notice to Buyer, applying the amount so received to the balance due. Seller may otherwise exercise all rights and remedies available to Seller in accordance with California law.

16. **Sale Contract.** This contract is subject to acceptance only on the terms and conditions stated in this offer. This contract shall not be subject to modification except by an agreement in writing signed by both parties. Any additional or different terms and conditions proposed by Buyer, either before or after this offer, are hereby rejected.

17. **Force Majeure.** The Seller shall not be liable for delays or other failure to perform because of any delays in manufacture or delivery due to unforeseeable causes beyond the control and without the fault or negligence of the Seller, including, but not restricted to, acts of God or of the public enemy, acts of the Government, in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, excessive traffic, major equipment or transportation failures, delays or defaults of third parties, freight embargoes, unusually severe weather or delays of subcontractors or suppliers due to any causes and non availability of materials. All claims for delay in delivery of the Products shall be deemed waived unless presented in writing concurrently with acceptance of the Products. Delays in delivery, for whatever reason, shall not be cause of cancellation of this contract by Buyer. The parties hereto acknowledge that the amount of damages suffered or incurred by Buyer as a result of any delay in the delivery of Products which is caused by Seller's neglect or default shall be incapable of accurate measurement and that the parties hereby agree that Seller shall solely be liable to Buyer in such event in an amount equal to Fifty Dollars ($50) per day of delay which amount shall constitute the sole and exclusive measurement of damages suffered by Buyer due to any such delay damages.

18. **Bid Jobs.** On bid jobs, this contract shall be binding on the parties only (a) for deliveries within sixty (60) days from the date of this contract and (b) if Buyer is awarded either from a general or subcontract embracing the use of the Products.

19. **Taxes Not Included.** The Purchase Price is exclusive of all state or local sales or use taxes and all other taxes of any governmental or public agency, applicable to this order unless specifically included.

20. **Indemnification.** Buyer expressly agrees to indemnify, defend and hold Seller harmless from and against all claims, demands, losses, expenses, costs, including reasonable attorney's fees, liabilities, suits or judgments of any kind or nature, arising out of, in connection with, or resulting from death or injury to persons and loss, damage or injury to property, caused or due directly or indirectly to the sale, delivery, installation, storage or use of the Products being provided to Buyer. Buyer further agrees to erect sufficient protective and warning devices at the time the Products are placed on the job site.

21. **No Assignment.** Buyer shall not assign this contract or any interest therein, without Seller's prior written consent.

	$125/hr x 3 hours = $375/week x 40 weeks = $15,000 Not to Exceed	
F.	Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection	$ 375 EA
	$125/hr x 3 hours = $375 per visit x 48 visits = $18,000

Scope of Services for Line Item 38 - Biological Daily Monitoring for State Route 193 - Near Lincoln, CA from 0.1 Mile West to 1.0 Mile East of Clark Tunnel Road

UNDERSTANDING

The following scope of work is to provide a Daily Biological Monitoring Rate for the State Route 193 - Near Lincoln, CA from 0.1 Mile West to 1.0 Mile East of Clark Tunnel Road Project (Project). The services provided in this scope will assist Caltrans in meeting the biological-specific environmental stewardship requirements developed for the Project as outlined in Sections 14-6.02 (Species Protection), 14-6.05 (Contractor-Supplied Biologist), and 14-6.07 (Natural Resources Protection Plan) of the Notice to Bidders and Special Provisions provided by Caltrans (Caltrans Contract No. 03-4E8604). The bidding docs list for the Project combines these Sections into one line item (Line Item 38 – Contractor Supplied Biologist) and requires that the costing be provided as a daily rate – assuming 90 daily rates over the course of the project.

ECORP will provide the biological-specific environmental stewardship services that will be completed under each Section/Task for a daily rate of $995/day. The services to be provided under the daily rate structure are primarily biological monitoring including preconstruction surveys and construction monitoring and associated reporting, but also include ancillary services such as Worker Environmental Awareness Program (WEAP) training and development of a Natural Resources Protection Plan (NRPP). A list of the services that will be provided by ECORP is provided below.

SCOPE OF WORK

Under the requirements outlined in Sections 14-6.02 (Species Protection), 14-6.05 (Contractor-Supplied Biologist), and 14-6.07 (Natural Resources Protection Plan) of the Notice to Bidders and Special Provisions provided by Caltrans (Caltrans Contract No. 03-4E8604), ECORP will be responsible for the following activities and submittals:

- **Contractor-Supplied Monitoring** – ECORP will provide a contractor-supplied biologist to conduct pre-construction surveys for CRLF and WPT, WEAP training, and construction monitoring to meet the minimum qualifications for the project as outlined by Caltrans in Section 14-6.05A (3)(a) of the Notice to Bidders and Special Provisions, including qualifications/expertise specific to the specialized species including that for Valley elderberry longhorn beetle, California red-legged frog (CRLF), Western pond turtle (WPT), and surveying for migratory and non-game birds
- **Preconstruction Survey** – The ECORP contractor-supplied biologist will conduct a pre-construction CRLF and WPT survey prior to the onset of vegetation removal within 300 feet of jurisdictional waters and wetlands as identified in the Project's PLACs

- **Worker Environmental Awareness Training** – The ECORP contractor-supplied biologist will provide Worker Environmental Awareness Training to on-site construction personnel on how to avoid impacts to biological resources
- **Protection Radius Monitoring** – Upon discovery of a regulated species (CRLF and WPT), the ECORP contractor-supplied biologist will stop construction activities within a 100 ft radius of the discovery and will not allow construction activity to resume until approved by the Project's engineer
- **Preconstruction Survey Report** – ECORP will submit a Preconstruction Survey Report to the client within 7 days before construction activities are initiated
- **Monitoring Report** – ECORP will submit monitoring reports, including an initial monitoring report, to the client according to the schedule in the NRPP. It is anticipated that daily monitoring reports will be submitted to the client on a weekly basis and incident reporting, annual monitoring reporting, and final monitoring reporting will be provided as described below for each report
- **Incident Report (If applicable)** – ECORP will submit an Incident Report within 24 hours of an incident involving biological resources under the contractor-supplied biologist's responsibilities
- **Annual Monitoring Report** – ECORP will submit an Annual Monitoring Report no later than January 15 during each year of construction
- **Final Monitoring Report** – ECORP will submit a Final Monitoring Report no later than 20 days after Project completion
- **Qualifications** – ECORP will provide to the client the required qualifications of the ECORP contractor-supplied biologist for transmittal to regulatory agencies
- **Monitoring Schedule and Monitoring Duties** – Monitoring will comply with the schedule and specified monitoring requirement provided in the NRPP (described below)
- **Prepare a Natural Resources Protection Plan (NRPP)** –ECORP will prepare a NRPP defining the measures required by the project to be in compliance with all relevant environmental laws and regulations and permit, license, agreement, and certification (PLAC) requirements specific to the Project.

  The NRPP will include:

  1. List of species and habitats addressed in the plan
  2. List of protocols for species protection surveys, with full protocols in an appendix
  3. WEAP material handouts in an appendix
  4. Monitoring forms in an appendix
  5. Protection measures for regulated species likely to occur at the project site (from approved permits)
  6. Protective radii for regulated species encounters (from approved permits or agency policies)
  7. Implementation plan for protection measures, including monitoring schedule
  8. Monitoring duties
  9. Justification for each instance where protection measures and an implementation plan are not necessary for a regulated species (based on approved permits)
  10. Schedule for inspecting protection measures
  11. Schedule for maintaining protection measures

12. Schedule for submittal of monitoring reports
13. Response plan for instances where regulated species are encountered
14. Content and schedule for a Biological Resource Information Program

ASSUMPTIONS:

- **Pre-Construction Surveys** - CRLF and WPT preconstruction monitoring assumes one eight (8) hour day each of the four monitoring years
- **WEAP Training** - It is assumed that WEAP training will be provided by the contractor-supplied biologist during regular monitoring activities. WEAP training handouts will be provided in an appendix to the NRPP
- **Protective Radius Monitoring** - It is assumed that protective radius monitoring will be provided by the contractor-supplied biologist during regular monitoring activities
- **Contractor Supplied Biologist** - Daily Monitoring Rate for the contractor supplied biologist assumes an 8-hour work day
- **Qualifications** - It is assumed that ECORP will submit the qualifications of the contractor-supplied monitor electronically to client for distribution to the regulatory agencies, as needed
- **Pre-Construction Reporting** - ECORP will electronically submit a Preconstruction Survey Letter Report to the client within 7 days before starting construction activities
- **Daily Monitoring Reporting** – ECORP will develop a daily monitoring form that includes line items for incident reporting as an appendix to the NRPP. The reports will be compiled and submitted to the client electronically on a weekly basis. If a daily report, however, includes incident reporting, that report will be submitted to the client within 24 hours as required for incidents.
- **Annual Monitoring Reporting** - ECORP will compile daily monitoring forms as an attachment to an annual monitoring letter report that summarizes the total number of monitoring days achieved and any incident reporting, including measures taken. The report will be submitted to the client electronically by January 15, during each construction year.
- **Final Monitoring Reporting** - ECORP will compile the annual monitoring letter reports as an attachment to a final monitoring letter report that summarizes the total number of monitoring days achieved and any incident reporting, including measures taken through the course of the project. The report will be submitted no later than 20 days following project completion.
- **NRPP** - It is assumed that the draft and final NRPP will be delivered to the client electronically. ECORP also assumes that all Permit License Agreement and Certification requirements (PLACs) will be provided by the client, and that that there will only be one set of comments on the Draft NRPP.
- **Monitoring Duration** – It is assumed that the total monitoring effort will not exceed 90 days.

The remaining 42 survey days will be utilized as specified in the LOP and 1600. CRLF and WPT surveys will be conducted prior to the onset of vegetation removal within 300 feet of jurisdictional areas. If additional monitoring is required due to the presence of either a regulated species or protected nesting birds, monitoring will be billed at the standard daily rate of $990/day lump sum and includes time required for report writing. During each monitoring visit, the biologist will:

1. Monitor for regulated species within the project area
2. Monitor construction activities for potential impacts to a listed species or habitat
3. Assure that construction activities do not result in take of regulated species
4. Assure that construction activities comply with PLACs

OPTIONAL ITEM A: Migratory Bird Nest Removal

Prior to February 1st, NSE will provide a qualified biologist for 1 day to assist with the removal of old nests and direction of the installation of exclusion materials. NSE assumes the contractor will provide/purchase the materials, and the equipment necessary to properly remove old nests and install exclusion materials. The contractor is responsible for installing exclusionary materials. The type and method of exclusion will be detailed in the NRPP, following a site inspection. Exclusion is an adaptive process that may require alterations to initial methods, depending on the behavior of the birds. It will be the responsibility of the Client to maintain all exclusionary devices.

OPTIONAL ITEM B: Annual Monitoring

Per the CDFW 1600, Reporting Measure 4.3, Annual Monitoring, "Permittee shall submit an annual monitoring report to the department for five years after completion of the construction project. The report shall discuss the mitigation performance as it relates to the success criteria as required by the HMMP. The report shall include photos from designated photo stations and other relevant information including: a summary of the invasive species control, methods used to remove non-native plants, and a list of wildlife observed on site.

OPTIONAL ITEM C: Rescue Stranded Aquatic Species

Should the rescue of stranded aquatic species become necessary, a modified scope of work will be submitted along with a change order. This will include costs associated with fish rescue and a fish salvage plan, if they are needed.

Estimated Costs:

NSE will bill on a lump sum basis according to the Cost Table on page 2, following completion of each task. Invoices will be submitted monthly and are due and payable upon receipt. A service charge of 1.8% will be billed on unpaid balances 30 days after billing. Costs represented in this proposal are estimates and may vary based on existing conditions.

Schedule

NSE will be available to begin tasks upon execution of this proposal. As the NRPP is due within 7 days after contract award, NSE appreciates as much notice as possible to complete the NRPP.

Assumptions/Terms and Conditions/Limitations to Services:

1) If the Client requests additional services not specified pursuant to The Scope of Work, the Client agrees to pay for all such additional services as extra work following negotiations with NSE. In the event all or any portion of the work prepared or partially prepared by NSE is suspended, abandoned, or terminated, Client shall pay NSE for all fees, charges, etc. until notified of such termination at which time NSE will provide originals or copies of all work performed up to date of termination.

2) For any extended monitoring days (outside of the specified 80), NSE will notify the Client and require written approval prior to conducting additional work. Additional monitoring will be billed on a lump sum basis at a rate of $990 per day.

3) Fish rescue (of any listed species) and a fish salvage plan are not included within this scope of work. If this item becomes necessary, it will require a change order and the submission of a modified scope.

4) Any changes to this scope must be made in writing and agreed to by the Client and NSE.

5) This proposal is valid for 30 days from the date above.

6) This scope of work will be included in the contract documents.

SUBCONTRACT PROPOSAL PROVISIONS

A. PAYMENT TERMS - Monthly progress payments shall be made to NEMETZ within 10 days of payment to CONTRACTOR by OWNER. If releases are required by CONTRACTOR as a condition of payment, CONTRACTOR shall notify NEMETZ in a timely manner so as to not delay payment. Should CONTRACTOR fail to notify NEMETZ of each release required within 5 days after payment to CONTRACTOR by OWNER, furnishing each such release shall not be a condition of payment. Accounts past due shall bear interest at the rate of one and one-half percent (1-1/2%) per month.

CONTRACTOR may reduce each progress payment to NEMETZ by the same percentage as the OWNER's reduction in payment to CONTRACTOR. This retention rate will not be greater than the OWNER's retention rate to CONTRACTOR. Any retention so withheld shall be paid to NEMETZ within 30 days of substantial completion of NEMETZ's work.

No backcharges will be accepted by NEMETZ if NEMETZ is not given prior written notification and the opportunity to correct any alleged deficiencies with its own forces.

When extra work is paid on a time and material basis, NEMETZ shall be paid all markups for profit and overhead allowed by OWNER except for any additive markup allowed by OWNER specifically to compensate CONTRACTOR for NEMETZ's work.

Prices include sales and other taxes unless otherwise stated in the Special Provisions of this proposal.

Payments shall be made for actual quantities furnished and installed if so specified by the GENERAL CONTRACT. CONTRACTOR shall cooperate in making determination of these quantities if required.

This proposal may be withdrawn if CONTRACTOR cannot, to the satisfaction of NEMETZ, demonstrate its ability to finance the work and make payments in accordance with this proposal.

B. SCHEDULE - The prices proposed are based upon receipt of a written notice to proceed 5 days prior to commencing work, unhindered access to the work area, and working 8 hour per day and 40 hour per week shifts Monday through Friday except as modified by the specifications of the GENERAL CONTRACT. NEMETZ shall be compensated for any additional costs due to special shift work if required by CONTRACTOR.

Work shall be completed in conformance with an agreed upon job schedule. The job schedule shall be approved by NEMETZ prior to commencement of work. NEMETZ's liability for liquidated damages and costs for delays to the contract shall be limited to the extent that OWNER deducts such costs from CONTRACTOR's account and to the extent that NEMETZ is solely and directly attributable for the delays.

C. INDEMNITY and INSURANCE - NEMETZ and CONTRACTOR shall indemnify, defend and save harmless each other and each other's officers, directors and employees from and against any suits, actions, legal or administrative proceedings, claims, debts, demands, damages, liabilities, interest, attorney's fees and other costs whether they arise before, during or after completion of Nemetz's work to the extent that they are due to any act or omission of the indemnifying party or any subcontractor thereof, or of any officer, director or employee of the indemnifying party. The same shall include injury or death to any person or persons and damage to any property.

NEMETZ shall provide insurance coverage for its operations in the amounts of: $1,000,000 per occurrence, $2,000,000 general aggregate and $5,000,000 excess liability. Costs for additional coverage or special requirements shall be reimbursed to NEMETZ by CONTRACTOR.

Subject: Re: Lincoln Clark Tunnel Bid

We have 5 trucks currently, but I also have sub-haulers as well like all the other trucking companies use.
Which includes 10 wheelers, enddumps, transfers, double bottoms and super dumps. We also can supply flat beds for hauling k-rails if needed.

We can keep these prices for the project into 2016.

Hopefully this helps your question.

Lori,

Thanks for this. Would you be able to give me an idea of how many trucks you have? I need to evaluate how much trucking needs I have and how many trucks I would need for the main operations on the job. Also do you have an escalation for 2016?

Thanks,

The customer (Buyer) must submit to Butte Sand and Gravel (Seller) a signed Quote or P.O. within 10 days of the project award or within 30 days of the quote, whichever is earlier, to secure the quoted price. The buyer will pay for any increase in the cost of production due to the buyer not providing a signed Quote or P.O. within 10 days of project award or within 30 days of the quote, whichever is earlier.
2. Butte Sand and Gravel strongly recommends a minimum of 3 weeks notice for scheduling of the plants for timely delivery of material. BUTTE SAND AND GRAVEL DOES NOT GUARNTEE THE AVAILABLITY OF THE MATERIALS QUOTED.
3. Material gradations are guaranteed at the plant in the stockpile. BSG is not responsible for product degradation due to handling, field conditions, or sampling errors after loadout from stockpiles.
4. Seller warrants that at the time and place of delivery the goods will conform to the express warranties set forth herein. The parties agree that the express warranties set forth herein are the only express warranties applicable to the goods described herein. **SELLER DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.** On receipt of the goods, or any portion thereof, Buyer shall promptly inspect and test all goods for conformity to express warranties and specifications before using the goods, reselling them or commingling them with goods of the like kind. Unless Buyer shall give written notice to Seller of any non-conformity of the goods to express warranties and specifications within 10 days of receipt and, in any event, prior to use, resale or commingling with goods of the like kind, any non-conformity or breach of express warranties is waived.
5. If Buyer claims breach of warranty, Buyer shall permit Seller to examine and test the goods. Buyer's exclusive remedy for breach of any warranty shall be, at the option of Seller, replacement of the non-conforming goods f.o.b. delivery point, or the cost to replace the non-conforming goods f.o.b. delivery point or a refund of the purchase price paid for the goods. Seller's liability for any other breach of this agreement shall be limited to the difference between the market price of the goods described herein, f.o.b. delivery point, and the price set forth in this agreement. Seller shall not be liable for any delay, loss of profits, additional expense, claims of third parties, or any other special, incidental or consequential damages of Buyer arising from breach of this agreement, breach of warranty, negligence, strict liability or any other cause. Buyer acknowledges that but for such agreement regarding the limitation of damages, the price of the goods would be higher.
6. For any credit purchases, unless otherwise agreed to in writing signed by an authorized person on behalf of Seller varying such terms, payment shall be 10th prox. That is to say, payment in full for all credit purchases made during the billing month is due by the 10th of the following month.
7. Retention of any percentage of Seller's billing is not permitted.
8. Buyer shall pay Seller (not as a penalty, but as liquidated damages based on the impracticality of fixing actual damages) a charge on all amounts not paid when due computed at a periodic rate of one and one-half (1½) percent per month (which is an annual percentage rate of 18%) or at the maximum rate permitted by law in the event such rate is lower.
9. Buyer agrees to pay all Seller's reasonable attorney's fees and collection costs in collecting amounts not paid when due, whether or not a lawsuit is filed and whether or not the lawsuit is pursued to judgment before Buyer pays off the indebtedness.
10. If and to the extent any purchase order from Buyer to Seller should contain any terms at variance with these terms, the terms set forth herein shall be changed only if and to the extent actually agreed to in writing and signed by an authorized person on behalf of Seller.
11. In the event a check is given as payment on account or in connection with any purchase, whether or not a sale on credit, and such check, upon deposit or negotiation, is not promptly honored by the bank upon which drawn, the provisions of paragraphs 3 and 4 shall be applicable in regard to the indebtedness represented by the check. Nothing herein shall be deemed to be an approval for Buyer to give a check that does not clear the bank upon which it is drawn. Buyer also agrees to pay a service charge of $25.00 for any check that fails promptly to clear Buyer's bank upon presentation.
12. Buyer agrees fully and promptly to furnish Seller information needed or requested by Seller for proper filling out and service of a preliminary twenty-day notice under the mechanics' lien laws.
13. Buyer shall remain obligated by all terms and provisions of this Quote in regard to all purchases made until such time as Seller shall receive from Buyer written notice of revocation and/or change in status. In order to be effective, such notice must be mailed by certified or registered first class mail to Butte Sand and Gravel, 10373 South Butte Road, Sutter, CA 95982. Notice of revocation and/or change in status shall not in any way relieve Buyer from liability for any obligation or indebtedness incurred prior to the actual receipt by Seller of such notice sent in the prescribed manner. Receipt by Seller of a check or checks showing a different name than the name on the account shall not constitute written notice of a change in status.
14. This Quote is submitted by Buyer to Seller at Seller's place of business in Sutter, California and shall be deemed to have been entered into in Sutter, California. All payments by Buyer shall be made to Seller at its place of business in Sutter, California.
