Additional Good Faith Efforts

Ghilotti Bros., Inc. (GBI) has a long history of meeting contract expectations on our projects for Safety, Schedule, Budget and Quality, but we regularly go *beyond* that when working towards goals for utilization of DBE's, by participating over and above project-specific requirements. While we routinely solicit vendors and subcontractors through our comprehensive and systematic outreach on a job-by-job basis, our companies 3rd generation ownership, President Mike Ghilotti, serves on the department's DBE Participation Committee, Task Group B, and with other Caltrans leadership and industry members to provide feedback and guidance to the department regarding the construction marketplace and DBE participation. GBI faithfully attends various Caltrans, county, city and agency outreach, networking, and pre-bid meetings, to network with potential DBE's and explain the opportunities that working with GBI can provide, and to facilitate future communications.

GBI enjoys working regularly with CPM Logistics, LLC., on direct outreach to Bay Area small and disadvantaged businesses for large and small construction projects. We also work with the Bay Planning Coalition, the Golden Gate Business Administration, the San Francisco Human Rights Commission, and the San Francisco County Transportation Authority (to name a few) which introduces us to many vendors who routinely go undocumented in other outreach methods. We often "meet and greet" subcontractors by having them come into our office to see how we operate, and to meet our GFE Administrator, the Estimators, as well as our Company leaders.

GBI intends to continue to be an industry and Department resource for DBE vendor implementation. In the spirit of our past success with emerging businesses, we've recently engaged and offer the following firms as additional examples of our outreach efforts.

- Anvil Builders
- Azul Works
- D-Line Constructors
- Empire Engineering and Construction
- The Their Group
