NOTICE TO OWNER

Under the California Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier or other person or entity who helps to improve your property, but is not paid for his or her work or supplies, has a right to place a lien on your home, land, or property where the work was performed and to sue you in court to obtain payment. This means that after a court hearing, your home, land and property could be sold by a court officer and the proceeds of the sale used to satisfy what you owe. This can happen even if you have paid your contractor in full if the contractor's subcontractors, laborers or suppliers remain unpaid.

To preserve their rights to file a claim or lien against your property, certain claimants such as subcontractors or materials suppliers are each required to provide you with a document called a "Preliminary Notice." Contractors and laborers who contract with owners directly do not have to provide such notice since you are aware of their existence as an owner. A preliminary notice is not a lien against your property if you are not paid. It's purpose is to notify you of persons or entities that may have a right to file a lien against your property if they are not paid. In order to protect their lien rights, a contractor, subcontractor, supplier or laborer must file a mechanics' lien with the county recorder which then becomes a recorded lien against your property. Generally, the maximum time allowed for filing a mechanics' lien against your property is 90 days after substantial completion of your project.

****Payments made by Credit Card (or other EFT process that incurs processing fees) and payments through Textura or other invoice/payment processing companies who charge a fee:**
We have been receiving notices from several Prime Contractors who are automating their payment systems for their convenience and with these automated payment processes they are planning to use credit cards or other electronic means for payment (or they are utilizing Textura or other payment/billing systems). Typically credit card payments, other EFT transactions, and payments processed through Textura (and other systems) incur processing fees charged by the credit card companies or the payment processing entity. There is also added administrative costs for using such systems. Since not all Prime Contractors are using credit cards (or the Textura and related systems) as a method of payment, we are not automatically adding this type of cost to our bid proposals so that we may keep our bids as competitive as possible. ****This will clarify that any Prime Contractors who intend to use an electronic method of payment (credit card, EFT, Textura, or other method that will cause All Steel Fence, Inc. to incur payment processing fees or other processing fees) must add 3.5% to the above bid pricing to cover any processing or other fees that may be incurred.**

ADD 3.5% TO BID PRICE (IF APPLICABLE)

****BID EXPIRATION – PLEASE REVIEW****: We have been advised by our suppliers that at the present time there is extreme volatility in the steel market and prices are fluctuating on a weekly and/or daily basis. The price on this proposal is **good through 1/1/2019 ONLY** and pricing is subject to change after this date. In order to lock in the bid price on this bid proposal you must issue a Subcontract or Purchase order (or sign and return our bid proposal form) prior to the expiration date above. In addition, due to the current volatility in the steel market, we will require the Owner, Prime Contractor, or recipient of this bid proposal to pay for stored materials (and the Prime Contractor (or recipient of this bid proposal) must pay for stored materials even if the Owner declines to pay). Any contract or purchase order (or Letter of Intent) issued to All Steel Fence, Inc. must contain language that the Owner, Prime Contractor (or recipient of this bid proposal) agrees to pay for stored materials. If the expiration date has passed, please call our office to confirm if the price of your bid proposal has changed. Thank you for your understanding and if you have any questions, please give us a call.
