Table of Contents

Preface i

Section 1 ..... Overhead Sign Structure Types

1-1 Truss Overhead Sign Structures 1-2

1-2 Lightweight Overhead Sign Structures 1-9

1-3 Box Beam Closed Truss Overhead Sign Structures 1-16

1-4 Tubular Overhead Sign Structures 1-18

1-5 Bridge Mounted Overhead Sign Structures 1-20

Section 2 ..... Sign Panels

2-1 Overhead Formed Panels 2-1

2-2 Laminated Type A Panels 2-4

2-3 Single Sheet Sign Panels 2-7

2-4 Extinguishable Message Signs 2-7

2-5 Changeable Message Signs 2-9

Section 3 ..... Preconstruction Planning

3-1 Contract Information 3-2

3-2 Construction Records 3-9

3-3 Field Review 3-11

Section 4 ..... Welding Requirements

4-1 Welding Quality Control Plan 4-1

4-2 Weld Types and Symbols 4-3

4-3 Fabrication Inspection 4-11

4-4 Field Inspection 4-12

Section 5 ..... Working Drawings

5-1 Shop Details 5-2

5-2 Erection Plans 5-8

5-3 Quality Control Program 5-9

Section 6 ..... Foundations and Anchorages

6-1 Cast-In-Drilled-Hole Piles 6-2

6-2 Spread Footings 6-4

6-3 Anchor Bolts 6-5

6-4 Bridge Mounted Anchorages 6-6

Section 7 ..... Installation

7-1 Post 7-2

7-2 Superstructure 7-3

7-3 Anchor Bolts 7-7

7-4 Final Records 7-7

Appendix A ..... Working Drawing Review Aids

Standard Plan Overhead Sign Structure Index A-1

Quick Reference for a One-Post Type Overhead Sign Structure Using the 1999 Standard Plans A-9

Pipe Designation Cross Reference A-11

Guide for Reviewing Working Drawings for Overhead Sign Structures A-13

Checklist A-15

Appendix B ..... Quality Control Program Checklist

Overhead Sign Structures Written Quality Control Program B-1

Quality Control Program Checklist B-2

Appendix C ..... Welding Information

Checklist for Welding Quality Control Memo
(BCM 180-2.1) C-3

Appendix D ..... Bolting Memorandums

Discussion of Basic Construction Terms and Topics for High-Strength Bolted Connections
(BCM 170-1.0) D-3

Inspection Procedure for Checking Tension in High-Strength Bolts
(BCM 170-2.0) D-9

Approved Methods of Tensioning High-Strength Bolted Connections (BCM 170-3.0) D-19

Memorandum "High Strength Bolt Assemblies for Overhead Sign Structures on Ongoing Contracts" (April 26, 2002) D-39
