1. ACCEPTANCE OF ORDER; TERMINATION -Acceptance of any order is subject to credit approval and acceptance of order by Seaport Lighting, Inc. ("Seaport") and, when applicable, Seaport's suppliers. If credit of the buyer of the goods ("Buyer") becomes unsatisfactory to Seaport, Seaport reserves the right to terminate upon notice to Buyer and without liability to Seaport.

2. PRICES AND SHIPMENTS - Unless otherwise quoted, prices shall be those in effect at time of shipment, which shall be made F.O.B. shipping point, prepaid and bill.

3. RETURN OF GOODS - Credit may be allowed for goods returned with prior approval. A deduction may be made from credits issued to cover cost of handling.

4. TAXES - Prices shown do not include sales or other taxes imposed on the sale of goods. Taxes now or hereafter imposed upon sales or shipments will be added to the purchase price. Buyer agrees to reimburse Seaport for any such tax or provide Seaport with acceptable tax exemption certificate.

5. DELAY IN DELIVERY - Seaport is not to be accountable for delays in delivery occasioned by acts of God, failure of its suppliers to ship or deliver on time, or other circumstances beyond Seaport's reasonable control. Factory shipment or delivery dates are the best estimates of our suppliers, and in no case shall Seaport be liable for any consequential or special damages arising from any delay in shipment or delivery.

6. LIMITED WARRANTIES - Seaport warrants that all goods sold are free of any security interest and will make available to Buyer all transferable warranties (including without limitation warranties with respect to intellectual property infringement) made to Seaport by the manufacturer of the goods. SEAPORT MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES, AND SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PURPOSE. UNLESS OTHERWISE AGREED IN WRITING BY AN AUTHORIZED REPRESENTATIVE OF SEAPORT, PRODUCTS SOLD HEREUNDER ARE NOT INTENDED FOR USE IN OR IN CONNECTION WITH (1) ANY SAFETY APPLICATION OR THE CONTAINMENT AREA OF A NUCLEAR FACILITY, OR (2) IN A HEALTHCARE APPLICATION, WHERE THE GOODS HAVE POTENTIAL FOR DIRECT PATIENT CONTACT OR WHERE A SIX (6) FOOT CLEARANCE FROM A PATIENT CANNOT BE MAINTAINED AT ALL TIMES.

7. LIMITATION OF LIABILITY - Buyer's remedies under this agreement are subject to any limitations contained in manufacturer's terms and conditions to Seaport, a copy of which will be furnished upon written request. Furthermore, Seaport's liability shall be limited to either repair or replacement of the goods or refund of the purchase price, all at Seaport's option, and IN NO CASE SHALL SEAPORT BE LIABLE FOR INCIDENTAL, SPECIAL, OR CONSEQUENTIAL DAMAGES. In addition, claims for shortages, other than loss in transit, must be made in writing not more than five (5) days after receipt of shipment.

8. WAIVER - The failure of Seaport to insist upon the performance of any of the terms or conditions of this agreement or to exercise any right hereunder shall not be deemed to be a waiver of such terms, conditions or rights in the future, nor shall it be deemed to be a waiver of any other term, condition, or right under this agreement.

9. MODIFICATION OF TERMS AND CONDITIONS - These terms and conditions supersede all other communications, negotiations, and prior oral or written statements regarding the subject matter of these terms and conditions. No change, modification, rescission, discharge, abandonment, or waiver of these terms and conditions shall be binding upon Seaport unless made in writing and signed on its behalf by a duly authorized representative of Seaport. No conditions, usage of trade, course of dealing or performance, understanding or agreement, purporting to modify, vary, explain, or supplement these terms and conditions shall be binding unless hereafter made in writing and signed by the party to be bound. Any proposed modifications or additional terms are specifically rejected and deemed a material alteration hereof. If this document shall be deemed an acceptance of a prior offer by Buyer, such acceptance is expressly conditional upon Buyer's assent to any additional or different terms set forth herein.

10. REELS - When Seaport ships returnable reels, a reel deposit may be included in the invoice. The Buyer should contact the nearest Seaport service location to return reels.

11. CERTIFICATION – Seaport hereby certifies that these goods were produced in compliance with all applicable requirements of Sections 6, 7, and 12 of the Fair Labor Standards Act, as amended, and of regulations and orders of the United States Department of Labor issued under Section 14 thereof. This agreement is subject to Executive Order 11246, as amended, the Rehabilitation Act of 1973, as amended, the Vietnam Veterans' Readjustment Assistance Act of 1974, as amended, E.O. 13496, 29 CFR Part 471, Appendix A to Subpart A, and the corresponding regulations, to the extent required by law. 41 CFR 60-1.4, 60-741.5, and 60-250.5 are incorporated herein by reference, to the extent legally required.

12. FOREIGN CORRUPT PRACTICES ACT - Buyer shall comply with applicable laws and regulations relating to anti-corruption, including, without limitation, (i) the United States Foreign Corrupt Practices Act (FCPA) (15 U.S.C. §§78dd-1, et. seq.) irrespective of the place of performance, and (ii) laws and regulations implementing the Organization for Economic Cooperation and Development's Convention on Combating Bribery of Foreign Public Officials in International Business Transactions, the U.N. Convention Against Corruption, and the Inter-American Convention Against Corruption in Buyer's country or any country where performance of this agreement or delivery of goods will occur.

13. ASSIGNMENT - Buyer shall not assign its rights or delegate its duties hereunder or any interest herein without the prior written consent of Seaport, and any such assignment, without such consent, shall be void.

14. GENERAL PROVISIONS - All typographical or clerical errors made by Seaport in any quotation, acknowledgment or publication are subject to correction. This agreement shall be governed by the laws of the State of California applicable to contracts to be formed and fully performed within the State of California, without giving effect to the choice or conflicts of law provisions thereof. All suits arising from or concerning this agreement shall be filed in the Circuit Court of Sacramento, California and no other place unless otherwise determined in Seaport's sole discretion. Buyer hereby irrevocably consents to the jurisdiction of such court or courts and agrees to appear in any such action upon written notice thereof.

15. PAYMENT TERMS - Payment terms be as stated on Seaport's invoice or as otherwise mutually agreed. As a condition of the sales agreement, a monthly service charge of the lesser of 1-1/2% or the maximum permitted by law may be added to all accounts not paid by net due date. Visa, MasterCard, American Express, and Discover credit cards are accepted at point of purchase only.

16. EXPORTING - Buyer acknowledges that this order and the performance thereof are subject to compliance with any and all applicable United States laws, regulations, or orders. Buyer agrees to comply with all such laws, regulations, and orders, including, if applicable, all requirements of the International Traffic in Arms Regulations and/or the Export Administration Act, as may be amended. Buyer further agrees that if the export laws are applicable, it will not disclose or re-export any technical data received under this order to any countries for which the United States government requires an export license or other supporting documentation at the time of export or transfer, unless Buyer has obtained prior written authorization from the United States Office of Export Control or other authority responsible for such matters.

RE: Disadvantaged Business Enterprise Certification

Dear Linda Juarez:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended. This certification will be recognized by all of the U.S. DOT recipients in California. Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under the following specific areas of expertise that you have identified on the NAICS codes form of the application package:

NAICS (2007)	Description
484220	Specialized Freight (Except Used Goods) Trucking, Local
488490	Other Support Activities for Road Transportation

Your DBE certification applies only for the above codes. You may review your firm's information in the CUCP DBE database which can be accessed at the CUCP's website at www.californiaucp.org. Any additions and revisions must be submitted to Metro for review and approval.

In order to ensure your continued DBE status, you are required to submit an annual No Change Declaration Form (which will be sent to you) along with supporting documentation. If no changes are noted, then your DBE status remains current. If there are changes, Metro will review to determine continued DBE eligibility. Please note, your DBE status remains in effect unless Metro notifies you otherwise.

Should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Metro reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. Your DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records and documents by Metro.

Congratulations, and thank you for your interest in the DBE program. Should you have any questions, please contact us at 213-922-2600. For information on Metro contracting opportunities, please visit our website at www.metro.net.

Sincerely,

Shirley Wong

PROPOSAL AGREEMENT

Governed by the terms and conditions attached hereto we propose to install the following:

Item 25	60"Ø CIDH Piling	66 LF @ $1,015.00 Per LF	Extension:	$66,990.00

ESCALATION: The Principal Sum quoted herein is valid provided this Proposal is accepted within 10 days from the date hereon, and the work is completed by July 2017, however The Mahaffey Companies ("TMC") reserves the right to adjust its' prices at any time to allow for any price increases for its' cost of labor and purchase of material under the prevailing market conditions. All material included in the Principal Sum is subject to prior sale.

SECTION 1. THE ABOVE PRICES SHOWN SPECIFICALLY INCLUDES ONLY THE FOLLOWING WORK DESCRIPTION:

- Drilling for the installation of the CIDH piles.
- Furnish and place concrete to grade. Client is responsible to have full-time inspection for immediate approval to place concrete when TMC is ready to place concrete. Vibrate the top 15-feet of the pile. Washout areas shall be supplied, maintained and disposed of by others.
- Machine power only to hoist reinforcing steel furnished by others to a maximum 5-feet above existing grade. All excavating, if required to facilitate the installation of reinforcing cage extensions and / or dowels is to be performed by others in a schedule and sequence so as to not delay TMC's work.
- Obstruction drilling (excavating materials which cannot be drilled / or otherwise constructed with conventional earth augers and are not indicated on the project soil borings) is not included in the Principal Sum. Obstruction drilling time will be documented on TMC Daily Work Tickets and signed by an authorized Representative of the Contractor on a timely basis. All such time will be charged at the rate of $950.00 per hour per rig and is in addition to the Principal Sum above. Dispute and / or refusal to acknowledge and sign for obstruction drilling as documented will be cause for cessation of work until such disagreement is resolved by an authorized representative of TMC. Obstruction drilling is not change order work.
- Dry, level, continuous, unobstructed access is to be provided and maintained by others to within 5-foot horizontal reach of center at the top of each pile cutoff elevation for all equipment and material trucks moving under their own power.
- All abutments, bents, pile caps and/or grade beam excavations shall be performed by others in a schedule and sequence agreed to in writing by TMC in advance.
- All extra work will be charged in addition to the unit prices.

CLIENT INITIALS ____ **TMC INITIALS ____**

SECTION 2. TERMS OF PAYMENT.

100% of monthly progress payments (in accordance with a pre-contract schedule of values) shall be paid within 30-days of invoice date. Full and final payment shall be made no later than 45-days of TMC's demobilization. Retention shall not be withheld. If payment or any portion thereof is delinquent, Client agrees to pay, in addition to any and all delinquent amounts, 2.0% per month or 24% annual rate as liquidated damages on the unpaid balance. The parties acknowledge that such charges are reasonable considering all the circumstances existing on the date of this Agreement, including (1) the relationship of the charges to the range of harm that TMC can reasonably anticipate; and (2) the anticipation that proof of actual damages would be costly or inconvenient as a result of the failure to make payment when due. TMC's payments are not contingent upon payment to Client by others. **Past due payments may be cause for cessation of TMC's work.**

SECTION 3. TO BE FURNISHED BY OTHERS AT NO COST TO TMC:

1. **ACCESS** safe, suitable and timely for all personnel and for all equipment and material trucks moving under their own power without mats to all areas of work. Access includes but is not limited to furnishing of materials, acceptable ramps, benches and maintenance of same, including access for placement of concrete via chute directly from mixer truck.
2. **REMOVAL**, relocation or protection of any existing utilities, power lines, structures, sidewalks, curbs, gutters and/or landscaping either above or below ground, which may interfere with the installation of TMC's work, whether or not depicted on any contract documents. Power lines closer than legally permissible are to be removed or de-energized by others. When Client request TMC to commence work on the above referenced construction project, that request will constitute Client's representation to TMC that it has located all above or below ground utilities, structures, sidewalks, curbs, gutters and/or landscaping and that Client has taken all necessary and appropriate action to ensure that the work to be performed by TMC can be performed safely without any threat of injury or damage to persons or property. Client is responsible for all "Dig Alert" notifications and interpretations and ensuring that drilling locations do not impact existing utilities and / or facilities. Provide "Dig Alert" number _____ and initials _____.
3. **TMC** is not responsible for underground pile irregularities ("blow-outs", "mushrooms" "blow-togethers", etc.) revealed by excavation. TMC is not responsible for delay time due to Owner analysis and response to pile testing. TMC is not responsible for providing a particular aesthetic finish to any subsequently excavated piles.
4. **PREPARATION** for, performance of and extra work required by non-destructive pile testing is excluded. Load testing of piles is excluded.
5. **ALL FIELD ENGINEERING**, transit and level work as required by TMC to clearly mark and accurately confirm the top of rebar cage and concrete elevation in addition to center hubs, reinforced points and grade stakes for concrete and steel placement at each pier and/or pile location and maintenance of same. Contractor is solely responsible for ensuring that drilling locations do not impact existing utilities and / or facilities.
6. **ALL LEGAL SERVICES** necessary to hold TMC harmless and defend TMC in litigation arising out of or pertaining to discovering, encountering, handling, or exposing toxic or hazardous wastes as described by the United States Government.
7. **HANDLING**, disposal and/or removal of spoils (liquid or solid including but not limited to dirt, mud, rock, concrete, slurry, water, drilling fluids, any materials expelled by the shaft or any other by-product) resulting from all phases of pile installation operations from rebar, pile caps, grade beams, footings, streets, access roads, alleys and/or jobsite and to be done on a continuous basis so as not to delay TMC. Concrete washout areas are to be provided, maintained and disposed of by others. It is a condition of this bid and any subsequent contract based on this bid that the owner assumes all responsibility for the removal, handling and/or disposal of toxic or hazardous wastes including asbestos. TMC assumes and will assume no responsibility for the removal, handling and/or disposal of such toxic or hazardous waste. All work shall be performed in a level 'D' working environment.
8. **JOBSITE SECURITY** to avoid vandalism and/or theft of our equipment and materials. All costs related to the replacement and/or repair, including lost time, of our equipment and materials due to vandalism and/or theft.
9. **TRAFFIC CONTROL**, material handling plans or traffic protection equipment, labor, watchmen, street cleaning, dewatering systems, potable water source, electrical power, construction lighting and sanitation facilities are to be located not more than one hundred feet (100') from TMC' drilling and/or driving operations.
10. **ENVIRONMENTAL CONTROLS** (noise, vibration, exhaust fumes and any other environmental hazards or annoyances) are excluded from the Proposal.
11. **ALL REQUIRED ONSITE** permits, as-built drawings, shop drawings, inspections, observations, monitoring, materials design, surveys, easements, testing of any type, inspection reports, personal protection equipment, and/or Confined Space Entry requirements. Any "down-hole" inspections shall be performed at the sole risk of the Contractor and shall exclude the use of any of TMC' equipment and/or personnel.

12. **PLACEMENT** of dowels, anchor bolts, keys or any formwork above or below existing grade, concrete curing or chipping, sandblasting, structural steel and/or pile extensions, protective coverings and/or hole covers for shafts and/or rebar.
13. **WHEN** reinforcing cages are to be hoisted by TMC, the material is to be furnished and fabricated by others and delivered sufficiently dobied and braced with welded rings to retain their shape during handling. Delivery of each cage is to be made to each shaft location within a 10-foot reach of TMC equipment. Rebar cages will be placed a maximum of 5-feet above top of pile elevation or existing grade. Should TMC include in its' scope of work setting rebar cages extending more that 5-feet above existing grade, it is the Contractor's responsibility to secure and maintain accurate positioning of rebar extending above pile cut off elevation and to detach the cage rigging from the cage above grade.
14. **SUFFICIENT** on-site area shall be provided for TMC to set up an office, and to store and/or fabricate materials.
15. **SHOULD** it become necessary for TMC to pump fluids from the shafts, a sump, holding tank, Baker tank, desilting basin or any other adequate type of containment shall be furnished, cleaned and maintained by others within fifty feet (50') of each shaft location.
16. **CONSTRUCTION WATER** for the drilling operation as specified by TMC will be within fifty feet (50') of each shaft location.
17. **SHOULD** Client require work to be performed in addition to that specifically described herein, all such work will be charged in addition to the principal sum, at **Extra Work Rates.**
18. **NOTIFICATION** and interpretation of Dig Alert.

SECTION 4. GENERAL CONDITIONS.

1. **UNLESS SPECIFIED** in our work description, only conventional earth auger tools will be used. Work items such as casing, rock drilling, coring, dewatering, hand-mining, hand-cleaning, shoring of bells, etc. will be charged at the delay and / or obstruction rate in addition to the Principal Sum and / or Unit Prices. This work is not change order work. All daily work tickets must be approved and signed for on a daily basis. TMC reserves the right to stop work until any dispute regarding delay and / or obstruction is resolved.
2. **REMOVAL** of any obstruction as defined by the International Association of Foundation Drilling Contractors and the U.S. Department of Transportation will be extra work and charged in addition to the principal sum and/or unit prices. Obstructions are defined as "any material which cannot be drilled with a conventional earth auger and/or underreaming tool and which requires the use of special rock augers, core barrels, air tools, blasting, and/or other methods of hand excavation. All earth seams, rock fragments, and voids included in this rock excavation area will be considered rock for the full volume of the shaft from initial contact with rock, for pay purposes." Determination of when drilling conditions necessitate the use of special rock augers, core barrels, air tools, blasting, and/or other methods of hand excavation shall be at the sole discretion of TMC.
3. **NO WORK** exclusive of (a) work included in our work description and (b) rock and / or obstruction drilling will be performed without a fully executed, approved change order acknowledging description of work and pricing. Terms of payment shall be in accordance the "Terms Of Payment" herein, except that no retention shall be withheld.
4. **THIS PROPOSAL** is based on working standard 8-hour days, Monday through Friday, between the hours of 7am and 5pm. Should Client require working hours other than those described they will be performed at applicable overtime rates. However, premium time is sometimes necessary to our operation; TMC assumes no responsibility for any premium time, which is required to support our operation.
5. **DRILLED SHAFTS** must be accepted or rejected upon completion of excavation and prior to placement of concrete and/or steel. Allowing placement of materials constitutes final acceptance. Changes made after acceptance will be at extra cost.
6. **EXTRA WORK** and items of work specifically excluded but performed by TMC, or delays resulting from interference or non-performance of others shall be invoiced at the Delay and/or Obstruction rate and included in monthly progress estimates and reimbursed according to our terms of payment.
7. **BACKCHARGES** to TMC will be accepted only if agreed to and signed for by an authorized representative of TMC on a daily basis.
8. **TMC's** standard insurance coverages are available for review at http://www.mahaffeycompanies.com/about/insurance. Please carefully review the documents for conformance to Client's insurance requirements. By listing, Client represents that it has reviewed and accepted those documents. Waivers of Subrogation are excluded from this Proposal Agreement. C.C.I.P or O.C.I.P. supplied by others does not result in a reduction of the Principal quoted herein. Any coverage beyond these will be provided at TMC's invoice cost plus 10%, if available.
9. **BONDING is excluded.** If a bond is provided, the entire premium shall be paid by others and the obligee shall provide to TMC a Bond Status Report immediately upon request.

CLIENT INITIALS ____ **TMC INITIALS ____**

10. TMC specifically excludes acceptance of liquidated and/or other damages unless those damages are assessed by Owner to Client for TMC's work. TMC is not responsible for delays or liquidated damages due to inspections, Engineer's Report in the event of anomalies, or approval of a mitigation report.
11. **SHOULD** TMC be delayed from the mutually agreed upon, written progress schedule and start date, TMC will be entitled to extended home office overhead in accordance with the Eichleay method for costs of funding.
12. **NOTWITHSTANDING** anything to the contrary elsewhere in the contract documents, TMC specifically excludes the duty to defend, indemnify and/or hold harmless any entity and/or person related to and/or associated with this Proposal and/or subsequent contract, for work described herein, beyond its proven pro rata share of fault. TMC's duty to defend shall be contingent upon a prior determination of its proven pro rata share of fault.
13. **CLIENT** is defined as the entity hiring TMC to perform the work described herein.
14. **THIS PROPOSAL** is made for Client's acceptance within ten (10) days and shall be signed, initialed where indicated and attached to and become a part of any subsequent Subcontract Agreement. In the event of any conflict between the provisions of this Proposal, the project specifications, and any written contract for work covered by the terms of this Proposal, the terms and conditions of this Proposal shall prevail.
15. **TMC** is responsible for only those terms and conditions of the Prime Contract which have been reviewed and initialed (approved) specifically, and which are directly related to the scope of work of this Proposal / Agreement.
16. **ANY CONTROVERSY** arising out of or relating to this Proposal, any subsequent Subcontract Agreement, the construction of the project, or regarding the performance or interpretation of this Proposal or Subcontract Agreement shall be submitted to arbitration. Arbitration shall be had in accordance with the Construction Industry Rules of the American Arbitration Association in effect at the time of the arbitration. All proceedings shall be held in Los Angeles County and in English. The prevailing party shall be entitled to an award of costs and fees, including but not limited to filing fees, arbitrators fees, expert witness fees and attorneys fees. Any monetary award shall take into account and include compensation for delayed payment, including the aforementioned reasonable rate of interest, and compensation for any decline in the value of money. This arbitration clause shall survive the termination of this Proposal or any subsequent Subcontract Agreement. The decision of the arbitrator shall be final and binding and may be entered as a judgment in any court of competent jurisdiction. The arbitration award shall not be modified or set aside on appeal except as authorized by applicable law or for error of law.
17. **MODIFICATIONS to these conditions or exclusions must be initialed by an authorized representative of TMC.**
18. **ANY AND ALL SCHEDULES** pertaining to or relating to this subcontract shall be mutually agreed to in writing by an authorized representative of TMC and the contractor. Such schedules shall not be amended, altered, modified, accelerated and/or adjusted unless mutually agreed to in writing by an authorized representative of TMC and the contractor. However, should performance exceed such schedule no penalties or damages will be assessed. TMC will provide a schedule exclusively conditioned upon receipt of an individual and separate written request for same from the contractor. TMC is not responsible for delays or liquidated damages if it stops work for non-payment. **Client must account for additional scheduling time for pile review, plan review, and possible mitigation. Client must include the maximum requisite time allowed to the agency in charge of pile and report review. TMC will not be responsible for delays or liquidated damages if Client fails to appropriately schedule for pile review, report review, and mitigation work.**
19. **ALL ITEMS** not specifically included are excluded.
20. **BY LISTING TMC** at bid time, Client has accepted all terms and conditions contained in this Proposal. Moreover, Client is required to take **ALL** bid items listed in this Proposal.

SECTION 5. EXTRA WORK.

ALL EXTRA WORK WILL BE CHARGED IN ADDITION TO THE UNIT PRICES.

1. Delay and/or Obstruction time will be charged at a rate of $950.00 per hour.
2. Unmanned standby days will be charged at the rate of $1,200.00 per day per rig (when TMC's equipment is required to remain on site but for which there is no work available within the normal sequence of operation).
3. This Proposal is based on performing work in a maximum of **ONE** continuous, uninterrupted operation in the most efficient sequence and this Proposal includes a maximum of **ONE** single rig mobilization and demobilization. The price for each additional mobilization and demobilization of equipment will be $4,200.00.
4. Unit prices for adjustments in total estimated length and/or estimated cubic yardage:

Compton, CA 90221

Dear Ms. Tullius:

I am pleased to advise you that after careful review of your application and supporting documentation, the California Department of Transportation (Caltrans) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation's Code of Federal Regulation (CFR) 49, Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under these specific areas of your expertise and license identified following a comprehensive review of your firm:

NAICS Category Codes	Description
237310	Highway, Street and Bridge Construction
237990	Other Heavy and Civil Engineering Construction

Work Category Codes	Description
C1580	Modify Bridge Item
C1970	Embankment Construction

Your DBE certification is recognized solely for the above codes. You may review your firm's information in the CUCP DBE Database, which can be accessed at Caltrans' Web site at http://www.dot.ca.gov/hq/bep/. Any additions and revisions must be submitted to Caltrans for review and approval.

In order to assure continuing DBE status, you must annually submit a No Change Declaration Form (which will be sent to you) along with supporting documentation. Based on your annual submission – that no change in ownership and control has occurred – or if changes have occurred, they do not affect your firm's DBE standing. The DBE certification of your firm will continue until or unless it is removed by Caltrans.

Firm Number: 43116

Also, should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business-size standards or personal net worth standard, please notify us immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Caltrans reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records, and documents by Caltrans.

For information on Caltrans' contracting opportunities, please visit our website at http://www.dot.ca.gov/hq/esc/oe/.

Congratulations, and thank you for your continued interest in participating in the DBE Program. I wish you every business success.

Sincerely,

Janice Salais

Subject: Subcontractor DBE Bid for Biological Services for CalTrans District 8, *Install TMS Field Elements in Riverside County from San Diego County Line to 1.0 Mile North of Route 15/91 Separation*

Dear Mr. Heffernan:

Buena Vista Environmental Consulting, Inc. (BVEC) is pleased to submit this bid to provide biological services to support your company. This estimate is in response to the following bid:

Agency	Bid No.	Project Title	Location
CalTrans District 8	08-0G7704	Install TMS Field Elements	Riverside County from San Diego County Line to 1.0 Mile North of Route 15/91 Separation

Scope:

This bid is for the following tasks and/or services as identified in the solicitation:

Item No.	Item Code	Description
18	146002	CONTRACTOR-SUPPLIED BIOLOGIST
19	146003	NATURAL RESOURCE PROTECTION PLAN

A biologist from BVEC will be supplied to the Prime Contractor (Sturgeon Electric California, LLC) in order to facilitate compliance with mitigation measures for the project that concern biological resources. The BVEC biologist provided will be fully-trained in biological monitoring, and will be present on the project site during all construction and ground-disturbing activities. As approval of biologists with agencies (such as CalTrans, USFWS, CDFW, or other authorities) may be required, the Prime Contractor will coordinate with BVEC to ensure that there is sufficient lead time (2 weeks) to ensure staffing availability.

Buena Vista
ENVIRONMENTAL CONSULTING
8941 ATLANTA AVE., STE. 390, HUNTINGTON BEACH, CA 92646

Cost:

The cost for the services described above is outlined below:

Service	Cost
CONTRACTOR-SUPPLIED BIOLOGIST	**$95.00/hour** *Estimated total cost is $342,000.00* for 360 days*** **Note: Per Specs for 08-0G7704 (see page 15) Biological Monitoring is Required FULL-TIME during Construction Activities**
NATURAL RESOURCE PROTECTION PLAN	**$3,500.00 (LS)**

** Estimated as $95.00/hr x 10 hr/day x 360 days = $342,000.00; note: mileage costs are included in hourly rate.*
***As the schedule for monitoring is entirely dependent upon the Prime Contractor meeting scheduled milestones, a total lump sum estimate cannot be provided; however, an hourly estimate is provided based on the CalTrans schedule of 360 days.*

Again, thank you for this opportunity to submit this bid. If you have any questions regarding this proposal, please feel free to contact me at (714) 625-7237 (office) or ekempton@buenavistaenvironmental.com. Thank you for giving us the opportunity to bid for your business. We have been in business since 2013 and have established a reputation for quality. We look forward to showing you that it is well-deserved.

Sincerely,

Elizabeth Kempton

Compton, CA 90221

Firm Number: 43116

Dear Ms. Tullius:

I am pleased to advise you that after careful review of your application and supporting documentation, the California Department of Transportation (Caltrans) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation's Code of Federal Regulation (CFR) 49, Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under these specific areas of your expertise and license identified following a comprehensive review of your firm:

NAICS Category Codes	Description
237310	Highway, Street and Bridge Construction
237990	Other Heavy and Civil Engineering Construction

Work Category Codes	Description
C1580	Modify Bridge Item
C1970	Embankment Construction

Your DBE certification is recognized solely for the above codes. You may review your firm's information in the CUCP DBE Database, which can be accessed at Caltrans' Web site at http://www.dot.ca.gov/hq/bep/. Any additions and revisions must be submitted to Caltrans for review and approval.

In order to assure continuing DBE status, you must annually submit a No Change Declaration Form (which will be sent to you) along with supporting documentation. Based on your annual submission – that no change in ownership and control has occurred – or if changes have occurred, they do not affect your firm's DBE standing. The DBE certification of your firm will continue until or unless it is removed by Caltrans.

Firm Number: 43116

Also, should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business-size standards or personal net worth standard, please notify us immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Caltrans reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records, and documents by Caltrans.

For information on Caltrans' contracting opportunities, please visit our website at http://www.dot.ca.gov/hq/esc/oe/.

Congratulations, and thank you for your continued interest in participating in the DBE Program. I wish you every business success.

Sincerely,

Janice Salais

Subject: Subcontractor DBE Bid for Biological Services for CalTrans District 8, *Install TMS Field Elements in Riverside County from San Diego County Line to 1.0 Mile North of Route 15/91 Separation*

Dear Mr. Heffernan:

Buena Vista Environmental Consulting, Inc. (BVEC) is pleased to submit this bid to provide biological services to support your company. This estimate is in response to the following bid:

Agency	Bid No.	Project Title	Location
CalTrans District 8	08-0G7704	Install TMS Field Elements	Riverside County from San Diego County Line to 1.0 Mile North of Route 15/91 Separation

Scope:

This bid is for the following tasks and/or services as identified in the solicitation:

Item No.	Item Code	Description
18	146002	CONTRACTOR-SUPPLIED BIOLOGIST
19	146003	NATURAL RESOURCE PROTECTION PLAN

A biologist from BVEC will be supplied to the Prime Contractor (Sturgeon Electric California, LLC) in order to facilitate compliance with mitigation measures for the project that concern biological resources. The BVEC biologist provided will be fully-trained in biological monitoring, and will be present on the project site during all construction and ground-disturbing activities. As approval of biologists with agencies (such as CalTrans, USFWS, CDFW, or other authorities) may be required, the Prime Contractor will coordinate with BVEC to ensure that there is sufficient lead time (2 weeks) to ensure staffing availability.

Buena Vista
ENVIRONMENTAL CONSULTING
8941 ATLANTA AVE., STE. 390, HUNTINGTON BEACH, CA 92646

Cost:

The cost for the services described above is outlined below:

Service	Cost
CONTRACTOR-SUPPLIED BIOLOGIST	**$95.00/hour** *Estimated total cost is $342,000.00* for 360 days*** **Note: Per Specs for 08-0G7704 (see page 15) Biological Monitoring is Required FULL-TIME during Construction Activities**
NATURAL RESOURCE PROTECTION PLAN	**$3,500.00 (LS)**

** Estimated as $95.00/hr x 10 hr/day x 360 days = $342,000.00; note: mileage costs are included in hourly rate.*
***As the schedule for monitoring is entirely dependent upon the Prime Contractor meeting scheduled milestones, a total lump sum estimate cannot be provided; however, an hourly estimate is provided based on the CalTrans schedule of 360 days.*

Again, thank you for this opportunity to submit this bid. If you have any questions regarding this proposal, please feel free to contact me at (714) 625-7237 (office) or ekempton@buenavistaenvironmental.com. Thank you for giving us the opportunity to bid for your business. We have been in business since 2013 and have established a reputation for quality. We look forward to showing you that it is well-deserved.

Sincerely,

Elizabeth Kempton

Contract No. 08-0G7704, Rte. 15; Rte. 91 to San Diego County Line, Riverside County, CA.

Quote No. 6734

PROPOSAL AGREEMENT

Governed by the terms and conditions attached hereto we propose to install the following:

Item 25	60"Ø CIDH Piling	66 LF @ $1,015.00 Per LF	Extension:	$66,990.00

ESCALATION: The Principal Sum quoted herein is valid provided this Proposal is accepted within 10 days from the date hereon, and the work is completed by July 2017, however The Mahaffey Companies ("TMC") reserves the right to adjust its' prices at any time to allow for any price increases for its' cost of labor and purchase of material under the prevailing market conditions. All material included in the Principal Sum is subject to prior sale.

SECTION 1. THE ABOVE PRICES SHOWN SPECIFICALLY INCLUDES ONLY THE FOLLOWING WORK DESCRIPTION:

- Drilling for the installation of the CIDH piles.
- Furnish and place concrete to grade. Client is responsible to have full-time inspection for immediate approval to place concrete when TMC is ready to place concrete. Vibrate the top 15-feet of the pile. Washout areas shall be supplied, maintained and disposed of by others.
- Machine power only to hoist reinforcing steel furnished by others to a maximum 5-feet above existing grade. All excavating, if required to facilitate the installation of reinforcing cage extensions and / or dowels is to be performed by others in a schedule and sequence so as to not delay TMC's work.
- Obstruction drilling (excavating materials which cannot be drilled / or otherwise constructed with conventional earth augers and are not indicated on the project soil borings) is not included in the Principal Sum. Obstruction drilling time will be documented on TMC Daily Work Tickets and signed by an authorized Representative of the Contractor on a timely basis. All such time will be charged at the rate of $950.00 per hour per rig and is in addition to the Principal Sum above. Dispute and / or refusal to acknowledge and sign for obstruction drilling as documented will be cause for cessation of work until such disagreement is resolved by an authorized representative of TMC. Obstruction drilling is not change order work.
- Dry, level, continuous, unobstructed access is to be provided and maintained by others to within 5-foot horizontal reach of center at the top of each pile cutoff elevation for all equipment and material trucks moving under their own power.
- All abutments, bents, pile caps and/or grade beam excavations shall be performed by others in a schedule and sequence agreed to in writing by TMC in advance.
- All extra work will be charged in addition to the unit prices.

CLIENT INITIALS ____ **TMC INITIALS ____**

SECTION 2. TERMS OF PAYMENT.

100% of monthly progress payments (in accordance with a pre-contract schedule of values) shall be paid within 30-days of invoice date. Full and final payment shall be made no later than 45-days of TMC's demobilization. Retention shall not be withheld. If payment or any portion thereof is delinquent, Client agrees to pay, in addition to any and all delinquent amounts, 2.0% per month or 24% annual rate as liquidated damages on the unpaid balance. The parties acknowledge that such charges are reasonable considering all the circumstances existing on the date of this Agreement, including (1) the relationship of the charges to the range of harm that TMC can reasonably anticipate; and (2) the anticipation that proof of actual damages would be costly or inconvenient as a result of the failure to make payment when due. TMC's payments are not contingent upon payment to Client by others. **Past due payments may be cause for cessation of TMC's work.**

SECTION 3. TO BE FURNISHED BY OTHERS AT NO COST TO TMC:

1. **ACCESS** safe, suitable and timely for all personnel and for all equipment and material trucks moving under their own power without mats to all areas of work. Access includes but is not limited to furnishing of materials, acceptable ramps, benches and maintenance of same, including access for placement of concrete via chute directly from mixer truck.
2. **REMOVAL**, relocation or protection of any existing utilities, power lines, structures, sidewalks, curbs, gutters and/or landscaping either above or below ground, which may interfere with the installation of TMC's work, whether or not depicted on any contract documents. Power lines closer than legally permissible are to be removed or de-energized by others. When Client request TMC to commence work on the above referenced construction project, that request will constitute Client's representation to TMC that it has located all above or below ground utilities, structures, sidewalks, curbs, gutters and/or landscaping and that Client has taken all necessary and appropriate action to ensure that the work to be performed by TMC can be performed safely without any threat of injury or damage to persons or property. Client is responsible for all "Dig Alert" notifications and interpretations and ensuring that drilling locations do not impact existing utilities and / or facilities. Provide "Dig Alert" number _____ and initials _____.
3. **TMC** is not responsible for underground pile irregularities ("blow-outs", "mushrooms" "blow-togethers", etc.) revealed by excavation. TMC is not responsible for delay time due to Owner analysis and response to pile testing. TMC is not responsible for providing a particular aesthetic finish to any subsequently excavated piles.
4. **PREPARATION** for, performance of and extra work required by non-destructive pile testing is excluded. Load testing of piles is excluded.
5. **ALL FIELD ENGINEERING**, transit and level work as required by TMC to clearly mark and accurately confirm the top of rebar cage and concrete elevation in addition to center hubs, reinforced points and grade stakes for concrete and steel placement at each pier and/or pile location and maintenance of same. Contractor is solely responsible for ensuring that drilling locations do not impact existing utilities and / or facilities.
6. **ALL LEGAL SERVICES** necessary to hold TMC harmless and defend TMC in litigation arising out of or pertaining to discovering, encountering, handling, or exposing toxic or hazardous wastes as described by the United States Government.
7. **HANDLING**, disposal and/or removal of spoils (liquid or solid including but not limited to dirt, mud, rock, concrete, slurry, water, drilling fluids, any materials expelled by the shaft or any other by-product) resulting from all phases of pile installation operations from rebar, pile caps, grade beams, footings, streets, access roads, alleys and/or jobsite and to be done on a continuous basis so as not to delay TMC. Concrete washout areas are to be provided, maintained and disposed of by others. It is a condition of this bid and any subsequent contract based on this bid that the owner assumes all responsibility for the removal, handling and/or disposal of toxic or hazardous wastes including asbestos. TMC assumes and will assume no responsibility for the removal, handling and/or disposal of such toxic or hazardous waste. All work shall be performed in a level 'D' working environment.
8. **JOBSITE SECURITY** to avoid vandalism and/or theft of our equipment and materials. All costs related to the replacement and/or repair, including lost time, of our equipment and materials due to vandalism and/or theft.
9. **TRAFFIC CONTROL**, material handling plans or traffic protection equipment, labor, watchmen, street cleaning, dewatering systems, potable water source, electrical power, construction lighting and sanitation facilities are to be located not more than one hundred feet (100') from TMC' drilling and/or driving operations.
10. **ENVIRONMENTAL CONTROLS** (noise, vibration, exhaust fumes and any other environmental hazards or annoyances) are excluded from the Proposal.
11. **ALL REQUIRED ONSITE** permits, as-built drawings, shop drawings, inspections, observations, monitoring, materials design, surveys, easements, testing of any type, inspection reports, personal protection equipment, and/or Confined Space Entry requirements. Any "down-hole" inspections shall be performed at the sole risk of the Contractor and shall exclude the use of any of TMC' equipment and/or personnel.

12. **PLACEMENT** of dowels, anchor bolts, keys or any formwork above or below existing grade, concrete curing or chipping, sandblasting, structural steel and/or pile extensions, protective coverings and/or hole covers for shafts and/or rebar.
13. **WHEN** reinforcing cages are to be hoisted by TMC, the material is to be furnished and fabricated by others and delivered sufficiently dobied and braced with welded rings to retain their shape during handling. Delivery of each cage is to be made to each shaft location within a 10-foot reach of TMC equipment. Rebar cages will be placed a maximum of 5-feet above top of pile elevation or existing grade. Should TMC include in its' scope of work setting rebar cages extending more that 5-feet above existing grade, it is the Contractor's responsibility to secure and maintain accurate positioning of rebar extending above pile cut off elevation and to detach the cage rigging from the cage above grade.
14. **SUFFICIENT** on-site area shall be provided for TMC to set up an office, and to store and/or fabricate materials.
15. **SHOULD** it become necessary for TMC to pump fluids from the shafts, a sump, holding tank, Baker tank, desilting basin or any other adequate type of containment shall be furnished, cleaned and maintained by others within fifty feet (50') of each shaft location.
16. **CONSTRUCTION WATER** for the drilling operation as specified by TMC will be within fifty feet (50') of each shaft location.
17. **SHOULD** Client require work to be performed in addition to that specifically described herein, all such work will be charged in addition to the principal sum, at **Extra Work Rates.**
18. **NOTIFICATION** and interpretation of Dig Alert.

SECTION 4. GENERAL CONDITIONS.

1. **UNLESS SPECIFIED** in our work description, only conventional earth auger tools will be used. Work items such as casing, rock drilling, coring, dewatering, hand-mining, hand-cleaning, shoring of bells, etc. will be charged at the delay and / or obstruction rate in addition to the Principal Sum and / or Unit Prices. This work is not change order work. All daily work tickets must be approved and signed for on a daily basis. TMC reserves the right to stop work until any dispute regarding delay and / or obstruction is resolved.
2. **REMOVAL** of any obstruction as defined by the International Association of Foundation Drilling Contractors and the U.S. Department of Transportation will be extra work and charged in addition to the principal sum and/or unit prices. Obstructions are defined as "any material which cannot be drilled with a conventional earth auger and/or underreaming tool and which requires the use of special rock augers, core barrels, air tools, blasting, and/or other methods of hand excavation. All earth seams, rock fragments, and voids included in this rock excavation area will be considered rock for the full volume of the shaft from initial contact with rock, for pay purposes." Determination of when drilling conditions necessitate the use of special rock augers, core barrels, air tools, blasting, and/or other methods of hand excavation shall be at the sole discretion of TMC.
3. **NO WORK** exclusive of (a) work included in our work description and (b) rock and / or obstruction drilling will be performed without a fully executed, approved change order acknowledging description of work and pricing. Terms of payment shall be in accordance the "Terms Of Payment" herein, except that no retention shall be withheld.
4. **THIS PROPOSAL** is based on working standard 8-hour days, Monday through Friday, between the hours of 7am and 5pm. Should Client require working hours other than those described they will be performed at applicable overtime rates. However, premium time is sometimes necessary to our operation; TMC assumes no responsibility for any premium time, which is required to support our operation.
5. **DRILLED SHAFTS** must be accepted or rejected upon completion of excavation and prior to placement of concrete and/or steel. Allowing placement of materials constitutes final acceptance. Changes made after acceptance will be at extra cost.
6. **EXTRA WORK** and items of work specifically excluded but performed by TMC, or delays resulting from interference or non-performance of others shall be invoiced at the Delay and/or Obstruction rate and included in monthly progress estimates and reimbursed according to our terms of payment.
7. **BACKCHARGES** to TMC will be accepted only if agreed to and signed for by an authorized representative of TMC on a daily basis.
8. **TMC's** standard insurance coverages are available for review at http://www.mahaffeycompanies.com/about/insurance. Please carefully review the documents for conformance to Client's insurance requirements. By listing, Client represents that it has reviewed and accepted those documents. Waivers of Subrogation are excluded from this Proposal Agreement. C.C.I.P or O.C.I.P. supplied by others does not result in a reduction of the Principal quoted herein. Any coverage beyond these will be provided at TMC's invoice cost plus 10%, if available.
9. **BONDING is excluded.** If a bond is provided, the entire premium shall be paid by others and the obligee shall provide to TMC a Bond Status Report immediately upon request.

10. **TMC** specifically excludes acceptance of liquidated and/or other damages unless those damages are assessed by Owner to Client for TMC's work. TMC is not responsible for delays or liquidated damages due to inspections, Engineer's Report in the event of anomalies, or approval of a mitigation report.
11. **SHOULD** TMC be delayed from the mutually agreed upon, written progress schedule and start date, TMC will be entitled to extended home office overhead in accordance with the Eichleay method for costs of funding.
12. **NOTWITHSTANDING** anything to the contrary elsewhere in the contract documents, TMC specifically excludes the duty to defend, indemnify and/or hold harmless any entity and/or person related to and/or associated with this Proposal and/or subsequent contract, for work described herein, beyond its proven pro rata share of fault. TMC's duty to defend shall be contingent upon a prior determination of its proven pro rata share of fault.
13. **CLIENT** is defined as the entity hiring TMC to perform the work described herein.
14. **THIS PROPOSAL** is made for Client's acceptance within ten (10) days and shall be signed, initialed where indicated and attached to and become a part of any subsequent Subcontract Agreement. In the event of any conflict between the provisions of this Proposal, the project specifications, and any written contract for work covered by the terms of this Proposal, the terms and conditions of this Proposal shall prevail.
15. **TMC** is responsible for only those terms and conditions of the Prime Contract which have been reviewed and initialed (approved) specifically, and which are directly related to the scope of work of this Proposal / Agreement.
16. **ANY CONTROVERSY** arising out of or relating to this Proposal, any subsequent Subcontract Agreement, the construction of the project, or regarding the performance or interpretation of this Proposal or Subcontract Agreement shall be submitted to arbitration. Arbitration shall be had in accordance with the Construction Industry Rules of the American Arbitration Association in effect at the time of the arbitration. All proceedings shall be held in Los Angeles County and in English. The prevailing party shall be entitled to an award of costs and fees, including but not limited to filing fees, arbitrators fees, expert witness fees and attorneys fees. Any monetary award shall take into account and include compensation for delayed payment, including the aforementioned reasonable rate of interest, and compensation for any decline in the value of money. This arbitration clause shall survive the termination of this Proposal or any subsequent Subcontract Agreement. The decision of the arbitrator shall be final and binding and may be entered as a judgment in any court of competent jurisdiction. The arbitration award shall not be modified or set aside on appeal except as authorized by applicable law or for error of law.
17. **MODIFICATIONS to these conditions or exclusions must be initialed by an authorized representative of TMC.**
18. **ANY AND ALL SCHEDULES** pertaining to or relating to this subcontract shall be mutually agreed to in writing by an authorized representative of TMC and the contractor. Such schedules shall not be amended, altered, modified, accelerated and/or adjusted unless mutually agreed to in writing by an authorized representative of TMC and the contractor. However, should performance exceed such schedule no penalties or damages will be assessed. TMC will provide a schedule exclusively conditioned upon receipt of an individual and separate written request for same from the contractor. TMC is not responsible for delays or liquidated damages if it stops work for non-payment. **Client must account for additional scheduling time for pile review, plan review, and possible mitigation. Client must include the maximum requisite time allowed to the agency in charge of pile and report review. TMC will not be responsible for delays or liquidated damages if Client fails to appropriately schedule for pile review, report review, and mitigation work.**
19. **ALL ITEMS** not specifically included are excluded.
20. **BY LISTING TMC** at bid time, Client has accepted all terms and conditions contained in this Proposal. Moreover, Client is required to take **ALL** bid items listed in this Proposal.

SECTION 5. EXTRA WORK.

ALL EXTRA WORK WILL BE CHARGED IN ADDITION TO THE UNIT PRICES.

1. Delay and/or Obstruction time will be charged at a rate of $950.00 per hour.
2. Unmanned standby days will be charged at the rate of $1,200.00 per day per rig (when TMC's equipment is required to remain on site but for which there is no work available within the normal sequence of operation).
3. This Proposal is based on performing work in a maximum of **ONE** continuous, uninterrupted operation in the most efficient sequence and this Proposal includes a maximum of **ONE** single rig mobilization and demobilization. The price for each additional mobilization and demobilization of equipment will be $4,200.00.
4. Unit prices for adjustments in total estimated length and/or estimated cubic yardage:

   See page one for Unit Prices

Revised 3-14-2016

Ms. Ashley Mahaffey Tullius
Don H. Mahaffey Drilling Co.
1800 South Alameda Street
Compton, CA 90221

Firm Number: 43116

Dear Ms. Tullius:

I am pleased to advise you that after careful review of your application and supporting documentation, the California Department of Transportation (Caltrans) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation's Code of Federal Regulation (CFR) 49, Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under these specific areas of your expertise and license identified following a comprehensive review of your firm:

NAICS Category Codes	Description
237310	Highway, Street and Bridge Construction
237990	Other Heavy and Civil Engineering Construction

Work Category Codes	Description
C1580	Modify Bridge Item
C1970	Embankment Construction

Your DBE certification is recognized solely for the above codes. You may review your firm's information in the CUCP DBE Database, which can be accessed at Caltrans' Web site at http://www.dot.ca.gov/hq/bep/. Any additions and revisions must be submitted to Caltrans for review and approval.

In order to assure continuing DBE status, you must annually submit a No Change Declaration Form (which will be sent to you) along with supporting documentation. Based on your annual submission – that no change in ownership and control has occurred – or if changes have occurred, they do not affect your firm's DBE standing. The DBE certification of your firm will continue until or unless it is removed by Caltrans.

Firm Number: 43116

Also, should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business-size standards or personal net worth standard, please notify us immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Caltrans reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records, and documents by Caltrans.

For information on Caltrans' contracting opportunities, please visit our website at http://www.dot.ca.gov/hq/esc/oe/.

Congratulations, and thank you for your continued interest in participating in the DBE Program. I wish you every business success.

Sincerely,

Janice Salais

Survey Windows

Least Bell's Vireo Protocol Survey Period is April 10th -July 31st, Dawn to 11, with a mandatory 10 day period between surveys.

Caifornia Gnatcatcher Protocol Survey Period is March 15th- June 30th. From 8 am to 12 pm, with a manatory 5 day period between surveys.

Please be aware California gnatcatcher surveys conducted after this designated survey period will be subject to 9 replicate visits as opposed to the normal 6.

Western Burrowing Owl Protocol Survey Period is January 31st- September 15th.

Any additional costs for species issues and associated protection measures will be billed on a Time and Materials basis.

1) *Least Bell's Vireo Protocol is 8 replicate surveys, however, these birds are extremely vocal and if they are present they will be readily observable. We would want to negotiate the number of days with USFWS and CDFW.

2)** *Western Burrowing Owl Surveys will be conducted in conjunction with other Bird or Plant surveys the same day. Hours shown are for partial days after plant surveys and/or designated bird protocols.*

3) ***Monitoring costs are assumed for the entire defined construction period (360 days, as stated in **Spec 14-6.02C(5), Item 4, Page 15**) and are shown as costs on a **PER DAY** basis. Since many projects get done before the estimated completion date or extend beyond it, is easier for the proponent to determine additional costs as necessary with a daily rate. It is anticipated that only one construction monitor will be required. Requirements for additional monitors, if necessary, will be billed at the stated daily rate. **The Contractor in required to adjust the amount of monitoring days needed accorning to thier anticipated work schedule at $850 per day.**

RE: ***For Your Review Caltrans District 8 -- Contract No. 08-0G7704 -- Construction on State Highway in Riverside County from San Diego County Line to 1.0 Mile North of Route 15/91 Separation***

COMMENTS: You are listed as a plan holder for the above-referenced Caltrans contract. The bid specs identify a contractor-supplied biologist (item number 18 on the bid list [lump sum]). **ECORP Consulting, Inc. (ECORP)** is a fully qualified and well-respected Caltrans services provider serving multiple districts throughout California. Please find a brief statement of qualifications attached.

The quote below is for biological services. Some notes for this job:

The bid specs specify that one category of biologist shall be retained for the project: Contractor Supplied Biologist (CSB). The CSB is expected to meet all permit, license, agreement, and certification (PLAC) requirements and provide the required qualifications for transmittal to regulatory agencies. Any CSB that will perform specialized activities and/or focused surveys for rare plants, bats, coastal California gnatcatcher, least Bell's vireo, and/or burrowing owl must have previous experience working with that special status species and/or performing that specialized activity and must be approved by Caltrans.

We think it is likely that you will not need more than one biological monitor per day. However, if work is conducted in multiple locations along the highway simultaneously, then more than one monitor may be required. We have provided a daily rate for a CSB. We have also provided a half-day (up to five hours onsite) rate for a CSB so that if there is an equipment failure or work is stopped early for weather or any other reason, you will not be charged for the full day rate. Based on a review of the Special Provisions, ECORP anticipates that a biological monitor will be required on site however the total number of working days will be dependent on your construction schedule. For costing purposes, we have used the total working days of the project (360) and reflected that on Table 1, Breakdown of Costs. Please adjust the monitoring days based on your actual proposed work schedule.

We have also provided costs for preconstruction biological surveys, preparation of a Natural Resources Protection Plan (NRPP), preparation and presentation of a Biological Resources Information Program (BRIP), writing an initial monitoring report for the project, writing annual

monitoring reports, and writing a final monitoring report for the project. These tasks are outlined in the Special Provisions 14-6.02, 14-6.05, 14-6.07, and 14-6.08 of the Notice to Bidders.

Task 1: Natural Resources Protection Plan (NRPP)

ECORP will develop an NRPP for the project. The NRPP will include a list of species and habitats addressed in the plan; a list of protocols for species protection surveys, with full protocols in an appendix; protection measures for regulated species likely to occur in the project site; protective radii for regulated species encounters; a schedule for inspecting protection measures; a schedule for maintaining protection measures; a schedule for submittal of monitoring reports; a response plan for instances where regulated species are encountered; content and schedule for a Biological Resource Information Program; location and schedule of fence installation and removal, with identification of species or habitats to be protected by each Environmentally Sensitive Area (ESA) and Species Protection Area (SPA); protection measures required within each SPA; an implementation plan for protection measures, including monitoring schedule; monitoring duties; and justification for each instance where protection measures and an implementation plan are not necessary for a regulated species. ECORP will draft the NRPP and submit it to the Client for review within 7 days after Contract approval. ECORP assumes no more than two rounds of revisions will be required to finalize this plan. Upon approval, the NRPP will be submitted to Caltrans.

Task 2: Biological Resources Information Program (BRIP)

ECORP will develop and deliver a BRIP (training). The BRIP will include a description of regulated species that may be affected by construction; requirements for the protection of regulated species, definitions and consequences of unauthorized "take"; what to do when you see a regulated species or a species that looks like a regulated species; permit requirements for touching or moving a regulated species; Identification of work area and ESA; SPA requirements; description of avoidance and minimization measures; Natural Resources Protection Plan or the various PLAC requirements; description and general ecology of the regulated species; description of specific habitats used by the regulated species and their location; and a handout to implement species protection measures that describe species, habitats, and actions as listed in Special Provision 14-6.02 of the Notice to Bidders or in the Caltrans permit, license, agreement, and certification (PLAC) requirements. ECORP will prepare and provide handouts for all attendees of the training and will post the training handout on all construction field offices and information boards. Signatures of all attendees of the training will be collected and submitted to the Client within two (2) days following the training. ECORP will provide hard-hat stickers to each recipient of the training, which will identify which personnel have been trained to biological monitor on site. Client will provide copies of all applicable PLACs (e.g., Biological Opinion) and mitigation measures. It is assumed that one initial training will occur prior to the start of work that will be timed with the preconstruction survey task. Any additional trainings will be conducted as part of the biological monitoring task by the biological monitor while conducting normal monitoring duties.

Task 3: Preconstruction Survey and Report

ECORP will provide qualified biologists to conduct preconstruction surveys prior to the start of the start of the project, addressing all the resources identified in the NRPP. ECORP will electronically submit a Preconstruction Survey Letter Report summarizing the methods and results of the surveys to the Client for review and submittal to Caltrans within 14 days prior to the start of construction activities.

Task 4: Biological Monitoring and Reporting

ECORP will provide qualified biological monitors during construction/project implementation for the above-referenced project that meet the PLAC requirements and have provided the required qualifications for transmittal to regulatory agencies. The biological monitor will document compliance with applicable permits and maintenance of buffer/protection areas and monitor the protection of sensitive species and their habitats. Client and their subcontractors will be responsible for the safety or other required trainings of the biological monitor provided.

For the purposes of the estimate we assumed up to a total of 360 days would be required to support this work and is subject to change based on the Client's schedule. ECORP will develop a daily monitoring reporting form that includes line items for incident reporting. The completed forms will be compiled and submitted to the client electronically on a weekly basis in the form of weekly monitoring reports. The cost of the weekly monitoring reports is included in the CSB daily rate. ECORP will submit an Initial Monitoring Report within 12 hours after ground-disturbing activities begin. Should an incident occur, an incident report will be prepared and submitted to the client electronically within 24 hours for transmittal to Caltrans and the appropriate agency(s). The incident report will include a description of the take incident, species name and number taken, details of required notifications with contact information, corrective actions proposed or taken, and disposition of taken species. ECORP will submit an Annual Monitoring Report no later than January 15 of each year that construction takes place. For the purposes of this estimate we assumed a total of two (2) annual reports will be required to support this work and is subject to change based on the Client's schedule. The annual report will include construction beginning and ending dates; identification of project impacts on the species covered in the plan; species protection measures with protection measure implementation details; incidental take details, including species name, number taken, people contacted, contact information, and disposition of taken species; an assessment of the effectiveness of the species protection measures to mitigate project impacts; and recommendations to improve efficiency of protection measures to mitigate impacts to regulated species.

Weekly monitoring reports will be prepared and submitted to the Client in a timely manner.

Task 4 Cost (FULL DAY – Biological Monitor [CSB])..... $ 950.00/day*

*inclusive of travel and Other Direct Costs. Assumes a maximum of 10hrs/day on site. Additional time will result in overtime charges in accordance with state and federal laws. Hours in excess of 10 per day will be charged at $145/hr. Costs are per monitor provided.

If monitor is required for fewer than five hours in a given day, the client will be charged the "Half Day" rate of $500.00 for a Biological Monitor.

Task 4 Cost (HALF DAY – Biological Monitor [CSB]).....$ 550.00/half day*
**inclusive of travel and Other Direct Costs. Assumes a maximum of 5hrs/day on site. Costs are per monitor provided.

Task 5: Final Monitoring Report

ECORP will submit a Final Monitoring Report to the Client within 20 days of the completion of the project. The Final Monitoring Report will be a cumulative report that follows the format of the Annual Monitoring Reports. Included in this report will be construction beginning and ending dates; identification of project impacts on the species covered in the plan; species protection measures with protection measure implementation details; incidental take details, including species name, number taken, people contacted, contact information, and disposition of taken species; an assessment of the effectiveness of the species protection measures to mitigate project impacts; recommendations to improve efficiency of protection measures to mitigate impacts to regulated species; copies of weekly monitoring reports; a copy of the Initial Monitoring Report; copies of annual reports; a summary of incidents that occurred during the project; copies of the handout used during the BRIP; and copies of sign in sheets collected during the trainings. ECORP will electronically submit a Final Monitoring Report to the Client for review and submittal to Caltrans.

Table 1. Breakdown of Costs

Task	Cost
Task 1: Natural Resources Protection Plan (NRPP)	$1,400
Task 2: Biological Resources Information Program (BRIP)	$1,050
Task 3: Preconstruction Survey and Report	$17,600
Task 4: Biological Monitoring and Reporting (Full Day Rate for 360 days)*	$342,000
Task 5: Final Monitoring Report	$1,300
TOTAL ESTIMATE	**$363,350**

ADDITIONAL ASSUMPTIONS:

- Client will provide ECORP with electronic copies of all the environmental permits (PLACs) for the project.
- ECORP will submit the qualifications of the CSB electronically to Client for distribution to Caltrans and the regulatory agencies.
- ECORP Consulting, Inc.'s indemnification (if any) and/or duty to defend shall apply only to claims based upon Consultant's work, and ECORP Consulting, Inc. shall have no duty to defend until its liability is proven by a court or arbitrator, and then only to the extent of ECORP Consulting, Inc.'s proportional share of the fault.
- ECORP Consulting, Inc. will not accept any liability for liquidated damages.
- Certified Payroll, if requested by the Client, will be billed at $50 per week per project.

- All project boundaries will be provided to ECORP in appropriate digital GIS or CAD format. Boundaries will be used to create necessary survey background files and maps.
- ECORP will submit the qualifications of the contractor-supplied biologist electronically to client for distribution to Caltrans and the regulatory agencies.
- ECORP will notify the appropriate regulatory agencies of incidents as required by the project permit(s). It is assumed that no further agency coordination will be required by ECORP beyond notification.

I have attached a flyer which provides an overview of all of our services for your review. Thank you for the opportunity, we wish you well. If you have any questions, please call me at (714) 648-0630 or e-mail dcarr@ecorpconsulting.com.

RE: Proposal to Conduct Environmental Consulting Services (Contractor-Supplied Biologist 08-0G7704, Riverside County)

Dear Mr. Heffernan:

Gonzales Environmental Consulting, LLC (GEC) is pleased to provide this rate sheet for biological monitoring regarding Contractor-Supplied Biologist 08-0G7704, Riverside County project. Service will be provided to the benefit of the following project:

RIVERSIDE COUNTY

- **08-0G7704**

The client will be responsible for advising GEC of their schedules for each project and, particularly, for any changes that may occur during the process. This proposal establishes a lump sum fee for services. These rates will be effective through April, 2018, unless superseded in writing as a result of future negotiation or changes in the scope of work.

GEC is an Underutilized Disadvantaged Business Enterprise (UDBE) as defined and certified by Caltrans (UCP Firm Number: 36280). GEC is a women-owned business.

ANALYSIS OF WORK EFFORT

Based on the information provided to date, the following efforts need to be undertaken:

Investigation of biological resources of the site by performing the tasks which are detailed below.

phone: 760.777.1621 | fax: 951.487.8881 | 358 Crystal Drive, San Jacinto, CA 92583 | www.gonzalesenvironmental.com

TASK 1: PRE-CONSTRUCTION SURVEY FOR RARE PLANTS (NEPSSA 1, NEPSSA 7 AND CASSA 1), NESTING BIRDS, BURROWING OWL, LEAST BELL'S VIREO, COASTAL CALIFORNIA GNATCATCHER, AND BATS

The pre-construction sweep prior to staging or storage and construction will be completed by GEC using the required state and federal protocol.

Prior to site clearing activities and staging of equipment, an experienced biologist shall perform a pre-construction sweep.

Preconstruction surveys (2 days x 4 biologists (Rare plants, nesting birds, burrowing owl, least Bell's vireo, coastal California gnatcatcher, bats) =for the preconstruction surveys the total is **$8,000.00.**

TASK 2: EMPLOYEE EDUCATION FOR CONTRACTORS

GEC will conduct an education program for all persons who will work on-site during Project implementation and construction. The program shall consist of a presentation from GEC that includes a discussion of the biology of the Covered Species, the habitat needs of the Covered Species, its status under CESA, and the management measures provided in the 2081 permit. A fact sheet containing this information shall also be prepared and distributed. The Orientation program shall consist of a brief presentation from a person knowledgeable about the biology of burrowing owl, Swainson's hawk, desert tortoise, loggerhead shrike and Mojave ground squirrel, the terms of the permits, the Federal Endangered Species Act (FESA), and the California Endangered Species Act (CESA). The education program shall include a discussion of the biology of the desert tortoise, and burrowing owl, the habitat needs of these species, their status under FESA and/or CESA, and the specific measures that are being implemented during construction to protect these species. In addition, they shall be advised as to the potential impact to sensitive species and potential penalties (up to $25,000 in fines per violation and one year in prison) for taking a threatened species. Brochures, pamphlets, or information packets shall be produced which cover the potential sensitive species in the area. These publications will cover topics such as: RARE PLANTS (NEPSSA 1, NEPSSA 7 AND CASSA 1), NESTING BIRDS, BURROWING OWL, LEAST BELL'S VIREO, COASTAL CALIFORNIA GNATCATCHER, AND BATS, Environmentally sensitive areas (ESA) and Species Protection Areas (SPA), minimizing disturbance of natural areas, disposal, staging and borrow sites and other related issues. GEC will serve as environmental-construction liaison and assist the foreman in discussing the requirements at the contractor's preconstruction conference. Upon completion of the program, employees shall sign a form stating that they attended the program and understand all protection measures. Employee will also receive a sticker and handout.

Employee Education Program $500/training + PowerPoint presentation (assuming 1 presentation) = **$1,000.00**

TASK 3: CONSTRUCTION LEAST BELL'S VIREO, COASTAL CALIFORNIA GNATCATCHER MONITORING (IF NECESSARY)

GEC will serve as environmental-construction liaison in monitoring the construction of the project. A log of all site visits will be kept to document compliance with environmental commitments. GEC shall coordinate potential concerns with the Resident Engineer to ensure compliance with environmental commitments. GEC shall be on-site during appropriate season and in appropriate habitat area for nesting Least Bell's vireo and/or California gnatcatcher (weekly during appropriate season February 1 to September 30) to minimize take of the covered species, to check for compliance with all mitigation and avoidance measures, and to check all exclusion zones to ensure that signs, stakes, and fencing are intact and that human activities are restricted in these protective zones.

Biological Construction and Compliance Monitoring
Task Cost (FULL DAY) $950.00/day*

*inclusive of Travel and Other Direct costs. Assumes a maximum of 10hrs/day including travel time. Additional time will result in overtime ($127.50/hr) charges in accordance with State and Federal laws. Total assumes 10 working days (BASED ON 32 WORKING DAYS (8 months-once per week) FOR PROJECT). Costs are per monitor provided. Depending on how work is staged additional monitors may be required.

32 days x $950.00=$30,400.00
360 day

TASK 4: NOTIFICATIONS AND REPORTS

- GEC will be the Designated Representative responsible for communications Resource Agencies in compliance with the permits for the project.
- Reports, including Pre-construction ($1,000.00), monitoring (Included in monitoring above), Initial Monitoring report ($1,000.00), Annual Monitoring report ($1,000.00) and incident (if necessary) ($500.00/report), will be prepared and submitted to the required agencies.

Reports = $3,500.00

TASK 5: BIOLOGICAL RESOURCE INFORMATION PROGRAM

Biological Resource Information Program includes specifications for preparing and presenting a Biological Resource Information Program to familiarize construction staff with regulated species and related requirements.

Workers must receive Biological Resource Information training before performing on-site work. Workers include laborers, tradesmen, material suppliers, equipment maintenance personnel, supervisors, foremen, office personnel, food vendors, and other personnel.

.

The Biological Resource Information Program includes:

1. Description of regulated species that may be affected by construction
2. Requirements for the protection of regulated species
3. Definition and consequences of "take"

4. What to do when you see a regulated species or a species that looks like a regulated species
5. Permit requirements to touch or move a regulated species
6. Identification of work area and ESA
7. Species Protection Area (SPA) requirements
8. Description of avoidance and minimization measures
9. Natural Resources Protection Plan
10. Description and general ecology of the regulated species
11. Description of specific habitats used by the regulated species and their location
12. Handout to implement species protection measures that describe species, habitats, and actions

Biological Resource Information Program Report	**$2,500.00**
Stickers	**$ 250.00**
Handouts	**$ 500.00 (for 200)**

Total: $3,250.00

Total for Line Item 18, Item Code 146002 =$46,150.00*

*Total assumes 32 working days. Costs are per monitor provided. Depending on how work is staged additional monitors may be required those costs are not included in the line item as we do not know how the project will be staged.

Bidding Assumptions

Cost and schedule estimates are based on our best judgment of the requirements known at the time of the proposal and can be influenced favorably or adversely by Client needs and other circumstances. GEC will endeavor to perform the services and accomplish the objectives within the estimated costs and schedule. However, if the scope of work or schedule changes, GEC, reserves the right to revise costs accordingly.

GEC assumes that, by receipt of notice to proceed, full access to the property will be provided by the Client, including keys to locked gates and advance notice to existing property tenants of our right of entry. GEC shall not be held responsible for work delays or cancellations caused by strikes, accidents, acts of God, delays imposed by the Client, or other delays beyond the control of GEC.

It is assumed that GEC can use and rely on the data and information contained in the project related documents provided by the Client. GEC, will not perform a technical review of these documents, and will not be responsible for the content or accuracy of these studies.

The Client will reimburse GEC for all costs, internal and external, including legal or other contractually related issue fees that are the result of any challenges to the work. These costs are not included in the cost proposal.

Change orders will be issued and signed by the Client and GEC, before starting additional work not provided for in the original proposal. If the Client's authorized representative is not available

for a signature, the additional out-of-scope work will not commence until the change order is signed.

Thank you for the opportunity to collaborate with Sturgeon Electric California, LLC on this project. If you have any questions regarding this proposal, please call me at (760) 777-1621.

Sincerely,

Teresa Gonzales

RE: Work Item Review for G&C Equipment Corporation

Dear Mr. Hale:

This letter is regarding the recent meeting your company had with Caltrans Directory Malcolm Dougherty and Assistant Director René Halverson from the Office of Business Economic Opportunity.

Caltrans has taken the initiative to ensure all certified DVBE firms that bid on or perform on Caltrans' State funded projects are performing a commercial useful function (CUF). After careful evaluation of the information and documentation obtained as a result of the review, pursuant to Military & Veterans Code §999(b)(5)(B) (i) and (ii), your firm is deemed to perform a CUF when providing the following types of services on Caltrans projects:

Work Item Description	G&C's Role/Participation
Safety Equipment Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Reinforcing Bar Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Lumber Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Pipe Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Guard Railing & Barriers Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Traffic Stripes, Marking & Traffic Control Materials	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Wholesale Broker of Construction Materials	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks

Work Item Description (Continued)	G&C's Role/Participation (Continued)
Sign Structure Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Electrical Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Construction Area Signs Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Plumbing Materials Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks

Since we have determined your firm is providing a CUF for the specified classifications listed in the table above, the DVBE credit can ONLY be granted to the afore mentioned classifications and counted towards DVBE goals for Caltrans State funded contracts. For all other goods and services that G & C Equipment is listed for, the Contract Evaluation Unit will assess these particular work items on a contract by contract basis.

You may review your firm's information on the Department of General Services (DGS) website at http://www.bidsync.com/DPXBisCASB. It is your responsibility to maintain correct information regarding your firm's name, address, phone/fax number, and e-mail address on the DGS website.

If you have questions or need further assistance or clarification, please contact Ryan Jeske, Contract Evaluation Analyst, CEU at (916) 324-0462, or by email at ryan_jeske@dot.ca.gov.

RE: Proposal for SWPPP for Caltrans 08-0G7704, Bids 11/10/16

Dear Prime Contractor;

Thank you for the opportunity to provide a bid for this work. We provide civil and stormwater engineering services.

Scope of Work:

A. Prepare Stormwater Pollution Prevention Plan (SWPPP).
   - I. Prepare SWPPP per State and contract requirements. Include Rain Event Action Plan (REAP) template, Construction Site Monitoring Plan and Sampling and Analysis Plan where required.
   - II. Prepare Water Pollution Control Drawings as part of the SWPPP.
   - III. Exclusions: Installation and implementation of water pollution practices, providing a WPC Manager, conducting training, and monitoring, inspection and correcting water pollution control practices are excluded. A WPC Manager, training, monitoring and inspection are available as an additional service upon request.

B. Storm Water Annual Report
   - I. Prepare Stormwater Annual Report in accordance with SWRCB and Caltrans requirements. This service can only be provided if we also prepare the SWPPP or provide stormwater inspection.

Fee:

The SWPPP will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

A. Prepare SWPPP (Part of Bid Item No. 10)	$2,600
B. Storm Water Annual Report ($500 EA x 2, Bid Item No. 12)	$1,000

Fees will be due within 30 days of client's receipt of invoice. Late payments beyond 30 days past due can be subject to a 1.5% per month interest charge. Payment arrangements can be made to coincide with any owner to contractor payment installments.

Timing and deliverables:

Submittals will be provided in a timely manner; please contact us for scheduling so we can meet your deadline. The document will be provided in hard copy (4 copies) and electronic PDF format.

Sincerely,

Ms. Ashley Mahaffey Tullius
Don H. Mahaffey Drilling Co.
1800 South Alameda Street
Compton, CA 90221

Firm Number: 43116

Dear Ms. Tullius:

I am pleased to advise you that after careful review of your application and supporting documentation, the California Department of Transportation (Caltrans) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation's Code of Federal Regulation (CFR) 49, Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under these specific areas of your expertise and license identified following a comprehensive review of your firm:

NAICS Category Codes	Description
237310	Highway, Street and Bridge Construction
237990	Other Heavy and Civil Engineering Construction

Work Category Codes	Description
C1580	Modify Bridge Item
C1970	Embankment Construction

Your DBE certification is recognized solely for the above codes. You may review your firm's information in the CUCP DBE Database, which can be accessed at Caltrans' Web site at http://www.dot.ca.gov/hq/bep/. Any additions and revisions must be submitted to Caltrans for review and approval.

In order to assure continuing DBE status, you must annually submit a No Change Declaration Form (which will be sent to you) along with supporting documentation. Based on your annual submission – that no change in ownership and control has occurred – or if changes have occurred, they do not affect your firm's DBE standing. The DBE certification of your firm will continue until or unless it is removed by Caltrans.

Firm Number: 43116

Also, should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business-size standards or personal net worth standard, please notify us immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Caltrans reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records, and documents by Caltrans.

For information on Caltrans' contracting opportunities, please visit our website at http://www.dot.ca.gov/hq/esc/oe/.

Congratulations, and thank you for your continued interest in participating in the DBE Program. I wish you every business success.

Sincerely,

Janice Salais

This policy applies to all employees of the Company.

Policy Guidelines

The Company's management teams are dedicated to upholding this policy with respect to recruitment, hiring, placement, promotion, transfer, training, compensation, benefits, employee activities, and general treatment during employment.

The Company will continually review its personnel practices and procedures to ensure that all supervisors and managers are adhering to the Company's commitment to equal employment opportunity principles.

Recruitment and Hiring

In the recruitment and selection of employees, it is the policy of the Company to further the principles of equal employment opportunity by seeking talented and competent persons who are suited for the position available by reason of education, training, interpersonal skills, and general ability. The Company will make this policy known to employment agencies, personnel, and all recruiting sources used. In all solicitations and advertisements for employees, the Company will use or require the use of specific reference to its status as an "Equal Opportunity Employer," and will indicate its desire to consider both male and female applicants.

Promotions/Transfers

Promotions within the Company are based on past performance and qualifications to perform additional functions and/or assume additional responsibilities, as determined by management, using objective standards. Transfer decisions, that may or may not accompany a promotion, will be based on anticipated or actual business needs, as determined by management, and will be made in compliance with the applicable provisions of this policy.

Personnel Actions/Benefits

Personnel actions, such as compensation, benefits, transfers, layoffs, return from layoff, company sponsored training, education, and social programs will be administered without regard to actual or perceived race, creed, color, religion, national origin, ancestry, age, disability or handicap, sex, military service member or veteran status, genetic profile, or any other characteristic protected by applicable federal, state, or local laws.

In the area of employer contributions for insurance, pensions, welfare programs, and other similar "fringe benefits," the Company will not be considered to have violated these guidelines if the contributions are the same for men and women or if the resulting benefits are equal.

Reasonable Accommodation

The Company will endeavor to make a reasonable accommodation for the known physical or mental limitations of qualified employees with disabilities unless the accommodation would impose an undue hardship on the Company's operations. If an employee needs assistance to perform his or her job duties because of a physical or mental condition, the Vice President, Human Resources should be notified.

The Company will endeavor to accommodate the sincere religious beliefs of its employees to the extent such accommodation does not pose an undue hardship on the Company's operations. If an employee wishes to request such an accommodation, the Vice President, Human Resources should be notified.

Work Conditions

The Company will take all necessary steps to ensure that each employee's work environment is free of unlawful discrimination or harassment without regard to actual or perceived race, creed, color, religion, national origin, ancestry, age, disability or handicap, sex, sexual orientation, gender identity, military service member or veteran status, marital status, genetic profile, or any other characteristic protected by applicable federal, state or local laws.

Employees shall not be penalized in their conditions of employment because they require time away from work on account of childbearing or other qualified leave, such as adoption, or the foster care placement of a child, as covered under the Family and Medical Leave Act (see the Family and Medical Leave Policy Statement HR 02.10). A qualified leave will be considered to be justification for a leave of absence for a reasonable period of time. Following a qualified leave, and upon signifying intent to return, within a reasonable time, such employees shall be reinstated to their original job or to a position of like status and pay, without loss of service credit.

Any employee with questions or concerns about equal employment opportunities in the workplace, or who believe they have not been treated in accordance with this policy, are encouraged to contact the Vice President, Human Resources at (800) 288-5187 or Human-Resources@myrgroup.com, or the Company's Anonymous Incident Reporting System at (800) 461-9330. The Company will not allow any form of retaliation against individuals who raise issues related to equal employment opportunity.

Affirmative Action Programs

In order to further promote the Company policy of non-discrimination and to promote the effective utilization of minority groups and female personnel, the Company has adopted and implemented an Affirmative Action Program. This program is periodically reviewed and communicated to all management personnel. In addition, Affirmative Action Programs have been prepared with respect to handicapped persons, military service members, and veterans. The implementation of the Affirmative Action Programs shall be the responsibility of each manager and supervisor. The coordination and monitoring of the Affirmative Action Programs has been entrusted to the Vice President, Human Resources, or local Manager, Human Resources (where applicable).

Policy Responsibility/Administration

All officers and managers are responsible for administration of this policy.

The policy extends to hiring, working conditions, employee treatment, training programs, promotions, use of Company facilities and all other terms and conditions of employment.

Responsibility for Implementation of Policy

A. The President of the Company is responsible for overall administration and coordination of the policy. He shall also be responsible for audits of equal employment opportunity practices, coordination of programs, providing guidance in the resolution of problems that may arise and completion of required reports.

B. All members of management are responsible for conducting day-to-day activities in a manner to ensure compliance with MYR Group's nondiscriminatory policy and Affirmative Action Program.

C. To ensure continuing implementation of this program, it shall be discussed at appropriate management and supervisory staff meetings.

Recruitment

To date, neither MYR Group nor its subsidiaries have needed to resort to advertising or recruiting activities in order to attract qualified job applicants. However, should the company ever be required to advertise or recruit in order to fill a personnel vacancy, it would do so on the basis of qualifications and without regard to race, color, creed, sex, age, disability, national origin or because he or she is a disabled veteran of the Vietnam era.

Employment and Placement

A. Applicants for employment are considered and placed without regard to race, color, creed, sex, age, disability, national origin or because he or she is a disabled veteran of the Vietnam era.

B. The Company's application form is not, by its design, discriminatory and no information thereon shall be used to discriminate on the basis of race, color, creed, sex, age, disability, national origin or because he or she is a disabled veteran of the Vietnam era.

C. Screening procedures, including interviewing and testing, shall comply with applicable government regulations and such practices are not intended to and shall not be used to discriminate on the basis of race,

color, creed, sex, age, disability, a national origin or because he or she is a disabled veteran of the Vietnam era.

Promotions, Transfers, Demotions, Layoff

A. For purposes of promotions, demotions, layoffs, recalls from layoff, filling temporary vacancies and opportunities for transfers, employees shall continue to be considered without regard to race, color, creed, sex, age, disability, national origin or because he or she is a disabled veteran of the Vietnam era.

B. Employees failing to qualify for higher-rated jobs, because of lack of training or education, are encouraged to participate in development programs sponsored by the company, the government, or community agencies.

Facilities and Activities

All Company facilities are maintained and will continue to be maintained on a non-segregated basis, as are Company-sponsored employee recreational and social activities.

Employee Benefits

All of the Company's employee benefits and compensation programs are administered without regard to race, color, creed, sex, age, disability, national origin or because he or she is a disabled veteran of the Vietnam era.

Subcontractors

Subcontractors have been and will continue to be hired on the basis of qualification to perform the required subcontracted work without regard to race, color, creed, sex, age, disability, national origin or because he or she is a disabled veteran of the Vietnam era.

Affirmative Action Compliance Program

In accordance with the regulations promulgated by the General Services Administration established under the authority of the Presidential Executive Order No. 11246 dealing with such equal employment opportunity, effective immediately, MYR Group and its subsidiaries shall develop a continuing analysis of the following areas:

a) Minority representation by job classification.

b) Hiring practices, including application, selection and placement procedure.

c) Upgrading and promotion.

On a periodic basis, the above practices will be evaluated and the Company will determine if any specific problem areas exist as well as the affirmative action to eradicate these problems.

Community Action

The Company recognizes that it is in everyone's best interest to affirmatively attach and solve the problems attendant upon unemployment and underutilization of persons in the community, particularly minorities and females. Therefore, management personnel are encouraged to make themselves available for participation of career days, youth motivation programs, and related activities in their communities. The Company also supports programs developed by such organizations as the Plan for Progress, the National Alliance of Businessmen, and kindred local community action groups and organizations.
