Subject: **QUARTERLY REPORT - EXCESS LAND SALES REPORT**

SUMMARY:

For the fourth quarter of Fiscal Year (FY) 2008-09, the California Department of Transportation (Department) disposed of 77 parcels, both planned and unplanned, valued at $4,461,633 from its surplus inventory. The return to the State Highway Account on the 77 parcels was $4,489,392 for the quarter.

For FY 2008-09, the Department disposed of 557 from its surplus inventory (182 from the 2009 Contract, 282 from prior Contracts, 3 from the 2010 Contract, and 90 unplanned), valued at $27.2 million. The return to the State Highway Account on these parcels was $26.7 million.

EXCESS LAND DISPOSAL CONTRACT STATUS

Beginning July 2006, Director Kempton and each District Director committed to disposing 1,140 parcels by December 31, 2008, and an additional 325 parcels by June 30, 2009. Through June 30, 2009, the Department disposed of 984 parcels from the original contract, which ran from July 1, 2006 through December 31, 2008. The Department also disposed of 194 parcels from the 2009 Contract, for a combined total of 1,181 from all contracts. Of the parcels not yet disposed, a significant number (75) are pending action of funding by the buying local agency. Depressed economic conditions and real estate markets in some communities have had a significant impact on the Department's ability to dispose of properties on schedule.

In addition to the combined 1,181 parcels, the Department had unplanned production of 216 parcels, for a total 1,397 parcels disposed since July 1, 2006.

The attached spreadsheets with the detail of the contract commitments is current as of July 27, 2009, and shows the progress that is continuing on the Disposal Contracts.
