State of California
DEPARTMENT OF TRANSPORTATION

Business, Transportation and Housing Agency

Memorandum

TAB 16

To: CHAIR AND COMMISSIONERS
CALIFORNIA TRANSPORTATION COMMISSION

CTC Meeting: August 11-12, 2010

Reference No.: 4.10 - **REVISED**
Action Item

From: NORMA ORTEGA
Chief Financial Officer

Prepared by: Rachel Falsetti
Division Chief
Transportation Programming

Subject: **UPDATE ON PROJECTS DELIVERED BUT NOT YET VOTED**

Yellow Handout

RECOMMENDATION:

The California Department of Transportation (Department) recommends the California Transportation Commission (Commission) accept the attached report on the status of State Transportation Improvement Program (STIP) and the Proposition 1B Bond Program projects that have been delivered (deemed ready to go).

ISSUE:

Due to financial constraints of the State, the Commission has been unable to allocate funds to allow the implementing agencies to award contracts for transportation projects that have been delivered.

The attached list identifies those projects that have been delivered in Fiscal Year (FY) 2008-09, FY 2009-10, and FY 2010-11 but the agencies have not been able to proceed due to funding constraints. Some projects previously listed have been removed based on past Commission action or a request from the implementing agency.

With the adoption of the 2010 STIP, projects may have been deleted, proposed for vote or have been reprogrammed beyond the 2010-11 fiscal year. As noticed at the June-July 2010 Commission meeting, projects reprogrammed to a future fiscal year have been removed from the Delivered List report. Local agencies with projects reprogrammed in a future year will need to resubmit an allocation request with a new schedule and funding plan when they are ready to proceed closer to the programmed year.

The projects on the Delivered List are in no particular priority order. The list is arranged by project category, then district, then county. The current requested allocation amounts by category are reflected on the next page.

The Department recommends that projects funded from the Public Transportation Account (PTA) be deferred until such time as the PTA capacity for 2010-11 can be determined.

Category	Starts on Page	# of Projects Per Category		Total Funds Requested Per Category
Local STIP Advancements	(1 of 10)	1	@	$ 38,950,000
P1B State CMIA/STIP Projects on the SHS	(2 of 10)	1	@	$ 29,935,000
