Section 6 – MPO FTIPs

The MPOs have adopted new FTIPs that have been approved by the state for inclusion in the 2015 FSTIP. Each of these approved FTIPs, together with any approved FTIP amendments, is incorporated in this FSTIP by reference. To view these projects, click on the web links listed in the MPO FTIPs table below. Projects in non-MPO areas are directly listed in Exhibit 1.

The MPO FTIPs are synchronized with the FSTIP programming period. Each of the FTIPs begins with the 2014/15 fiscal year, identified as year one for project priority selection purposes. Programming periods vary. Some FTIPs replicate the FSTIP four year programming period, while others include additional years beyond the fourth years of the FSTIP. Projects in MPOs FTIPs that are outside the four years of the FSTIP are listed for informational and or conformity purpose and are not considered part of the FSTIP.
