Out of the office. Scheduling training in San Francisco.

#63 May 20, 2004 Thu.

Staff meeting in the morning. I left message for J. Akeley from Bear River regarding the quote for providing e-peg. I met with T. Shimada; we agreed that we are going to send the letters regarding district issues. I asked Rafael to send a transmittal letter to the contractor with the Notice of Construction and the contact list they asked for at the meeting. I contacted Bernadette Graham regarding the on-coming material testing certifications. Their lab only takes care of the construction offices on the westside of the bridge. I contacted Steve Cox; I will send him a copy of our personnel training summary for updating purposes.

#64 May 21, 2004 Fri.

I contacted Allen Lowell as a prospect for the DRB, he will send his resume next Monday. Mike Stone came over, he would like to be included in the distribution list for schedule related submittals, he also would like to have a copy of the contractor's agenda and minutes. We had our regular contractor's meeting at KFM office. We received the estimate run for this month, they did not include mobilization. Roberto will visit the D.O. to try to figure out what happened.I finished updating training information.

#65 May 22, 2004 Sat.

No activity.

Sandro Bermudez, P.E.,
District Representative
