

## **B2GNow Data Base Search**

The purpose of the DBE program is to maximize the number of opportunities for disadvantaged businesses.

Please follow the steps below to yield an accurate number of available, certified DBEs. Search for the number of certified DBE firms in the B2Gnow Database: <u>https://caltrans.dbesystem.com</u>

## PLEASE NOTE:

- 1. It is important to search in the "**District/Region"** section only of the database.
  - a. Do not use the "search by location" this only yields a *physical business address of DBE* firms.
- 2. Additionally, please enter **ALL** counties within the District not just the county the project resides. You may find a list of your District's counties here: <u>Local Assistance Contacts | Caltrans</u>
