Dear Executive Directors:

Subject: FFY 2002-2003 CMAQ Apportionments

Congestion Mitigation and Air Quality Improvement Program (CMAQ) apportionments for Federal Fiscal Year (FFY) 2002-2003 are enclosed, Table 1. Final apportionments, $327,044,945, have been adjusted to reflect Federal Highway Administration Notice 4510.481, $320 Million National Rescission. California's rescission amount, $4,707,728 has been distributed based on 2001-2002 population and nonattainment/maintenance air quality factors, Table 2. Apportionments are made in accordance with 182.7(b) of the California Streets and Highways Code.

Federal Obligational Authority (OA) for FFY 2002-2003 is set at 103.0 percent. Obligation of funding above 100 percent of the FFY 2002-2003 apportionment is only possible if your region has a prior year unobligated balance. Apportionment status of unobligated funding is available on the Caltrans' Local Programs website at: http://www/dot.ca.gov/hq/LocalPrograms. Regions should establish a plan of action to obligate, but not exceed, 103.0 percent of the apportionment level. If your region expects to obligate more than 103.0 percent, please consult with your Caltrans District Local Assistance Engineer, Table 3.

Federal Fiscal Year 2002-2003 is the first year that apportions funding based on the 2000 Census Update. Census Bureau information is available online at http://www.census.gov/. Nonattainment population by county and Air Basin is available online at http://www.fhwa.dot.gov/environment/cmaqpgs/napop03/ca.htm and http://www.epa.gov/oar/oaqps/greenbk/anay.html.

If you have any questions regarding the CMAQ program or these apportionments, please contact Cathy Gomes at (916) 654-3271.

Sincerely,
