Dear (Property Owner's Name):

The law provides procedures for public agencies to acquire private property for public use. It requires that every agency which intends to condemn property notify the owners of its intention to condemn. California Code of Civil Procedure (CCP) Section 1240.030 provides that the power of eminent domain may be exercised to acquire property for a proposed project if the following three conditions are established:

- (A) The public interest and necessity require the project.
- (B) The project is planned or located in the manner that will be most compatible with the greatest public good and the least private injury.
- (C) The property sought to be acquired is necessary for the project.

Also, CCP Section 1245.230 requires that the offer required by Section 7267.2 of the Government Code has been made to the owner of record.

You are hereby notified that the California Transportation Commission (the "Commission") at its meeting to be held on (Month - 1st day of meeting) and (2nd day of meeting) in (City), California, will be asked to decide if the above conditions have been met concerning your property and, if so, to adopt a Resolution of Necessity ("Resolution"). Questions regarding the amount of compensation to be paid or the value of the property to be acquired are not part of this proceeding and the Commission will not consider such in determining whether a Resolution should be adopted.

The Commission's adoption of the Resolution authorizes the California Department of Transportation (the "Department") to acquire the property by eminent domain. Within six months of the adoption of the Resolution, the Department will prepare and file a complaint in Superior Court commencing the eminent domain proceeding. All issues

related to the compensation to be awarded for the acquisition of your property will be resolved in this court proceeding. A description of the required property is attached to this Notice and is marked Exhibit A.

The law provides you an opportunity to appear before the Commission and raise questions concerning only the three conditions referred to in CCP 1240.030 as cited above. If you file a written request to appear (within 15 days from the mailing of this Notice), you are entitled to appear and object to the adoption of the Resolution.

Your written request to appear should include a statement indicating which of the three conditions listed in the first paragraph above you contend have not been met. By designating which of the conditions form the basis of your challenge and explaining why you believe they have not been met, you will enable the Commission to authorize a full and expeditious review of the project's effect on your property. The Department will conduct the review on behalf of the Commission and ask for your participation. Based on this review, the Department will then prepare a report to be presented to the Commission at the meeting at which you intend to appear.

Your written request to appear must actually be on file with the Commission within the 15-day period set forth above. Failure to file a written request to appear will result in a waiver of your right to appear and be heard.

All requests to appear must be sent for filing to: Executive Director, California Transportation Commission, P. O. Box 942873, Mail Station 52, Sacramento, CA 94273-0001. If you request an appearance, you will be notified of the meeting date, time and location at a later date.

For your convenience, if you are unable to personally appear or choose to submit written objections in place of a personal appearance, the Commission will consider any written objections so long as they are filed within the 15-day period set forth above. All written objections filed with the Commission within the 15-day period will become part of the official record of the meeting at which the Commission hears the Resolution. We recommend that if you intend to appear, or if you intend to submit written objections in place of an appearance, you mail your correspondence Certified Mail, Return Receipt Requested to confirm that your response was received within the 15-day period.

Dear <u>(Property Owner's Name)</u>:

The California Department of Transportation (Department) is proposing to (provide description of the project). The law provides procedures for public agencies to acquire private property for public use. It requires that every agency which intends to condemn property notify the owners of its intention to condemn. California Code of Civil Procedure (CCP) Section 1240.030 provides that the power of eminent domain may be exercised to acquire property for a proposed project if the following three conditions are established:

- (A) The public interest and necessity require the project.
- (B) The project is planned or located in the manner that will be most compatible with the greatest public good and the least private injury.
- (C) The property sought to be acquired is necessary for the project.

Also, CCP Section 1245.230 requires that the offer required by Section 7267.2 of the Government Code has been made to the owner of record.

Under CCP Sections 1240.510 and 1240.610, the Department may acquire or condemn property appropriated to a public use so long as the use for which the property is being acquired is for a compatible use, or is required for a more necessary public use.

Pursuant to CCP Section 1240.055, written comments on the acquisition, including identifying any potential conflict between the public use proposed for the property and the purposes and terms of the conservation easement, may be submitted no later than 45 days from the mailing of this Notice.

EXHIBIT 09-EX-01A (NEW 6/2015) Page 2 of 3

In addition, CCP Section 1240.055 requires that within 15 days of receipt of this Notice, you as the holder of the conservation easement shall do all of the following: 1) send a copy of this Notice by First Class Mail to each public entity that provided funds for the purchase of the easement or that imposed conditions on approval or permitting of a project that were satisfied in whole or in part by the creation of the easement; 2) inform the public entity that written comments on the acquisition may be submitted no later than 45 days from the mailing of this Notice; 3) inform the Department of the name and address of each public entity that was sent a copy of this Notice.

You are hereby notified that the California Transportation Commission (Commission) at its meeting to be held on (Month - 1st day of meeting) and (2nd day of meeting) in (City), California, will be asked to decide if the above conditions have been met concerning your property and, if so, to adopt a Resolution of Necessity (Resolution). Questions regarding the amount of compensation to be paid or the value of the property to be acquired are not part of this proceeding and the Commission will not consider such in determining whether a Resolution should be adopted.

The Commission's adoption of the Resolution authorizes the Department to acquire the property by eminent domain. Within six months of the adoption of the Resolution, the Department will prepare and file a complaint in Superior Court commencing the eminent domain proceeding. All issues related to the compensation to be awarded for the acquisition of your property will be resolved in this court proceeding. A description of the required property is attached to this Notice and is marked Exhibit A.

The law provides you an opportunity to appear before the Commission and raise questions concerning the three conditions referred to in CCP 1240.030 as cited above, as well as the matters referred to in CCP 1240.510 and 1240.610. If you file a written request to appear (within 15 days from the mailing of this Notice), you are entitled to appear and object to the adoption of the Resolution.

Your written request to appear should include a statement indicating which of the three conditions listed in the first paragraph above you contend have not been met, or if you contend that the matters referred to in CCP 1240.510 and 1240.610 have not been complied with. By designating which of the conditions form the basis of your challenge and explaining why you believe they have not been met, you will enable the Commission to authorize a full and expeditious review of the project's effect on your property. The Department will conduct the review on behalf of the Commission and ask for your participation. Based on this review, the Department will then prepare a report to be presented to the Commission at the meeting at which you intend to appear.

Your written request to appear must actually be on file with the Commission within the 15-day period set forth above. Failure to file a written request to appear will result in a waiver of your right to appear and be heard.

INSTRUCTIONS FOR RESOLUTION OF NECESSITY REQUEST

RW 9-8 (Rev. 12/1995)

Most portions of the form are self explanatory. Comments or explanations are included only where necessary. Numbers refer to sections on the form.

- 2. Six copies are necessary if the parcel lies in two counties or if the request is to be a joint condemnation with another State agency. Attachments are grouped as follows:
 - a. Original Resolution Request, original description(s), description of mailing, Notice(s) of Intent, 1 set of index and detail maps, original consent letter and Confirmation of Market Value.
 - b. Copy of Resolution Request letter and 5 copies of the legal description(s).
 - d. Copy of Resolution Request letter and 1 set of maps.
- 3. At least one box must be checked in this section. The various CCP sections should be reviewed to assure full compliance. Discuss the needs with the Regional Legal Office. If property is being condemned to provide utility service to, or access to a public road from, a property not acquired for public use but with which is cut off from service or access as a result of State acquisition, the owners consent is desirable but not necessary.
- 4. Whenever the condemnation of excess property is involved, the facts qualifying the excess acquisition must be described in the request. The appropriate CCP sections must also be cited. Any excess condemnation request must contain data on the following items with the concurrence of the Regional Legal Office that condemnation is supportable:
 - (a) The area and value of the right of way, including improvements.
 - (b) The area and value of the excess or remnant before and after.
 - (c) The amount of damages in excess of benefits, if not acquired.
 - (d) Any new easements which may encumber the excess in the "after" condition.
 - (e) If a remnant, discuss why there is not reasonable, practicable and economically feasible means to prevent the property from becoming a remnant.
 - (f) The owners of opinions or reasons for refusing consent to its acquisition.
- 5. Check appropriate boxes in this section when the property being condemned is currently being used for a public or public utility use or is a substitute property for such uses.

GOODWILL

On ownerships in which a business is affected by the State's proposed acquisition, the Resolution of Necessity request submitted to the Right of Way and Asset Management Program for Transportation Commission action, shall include a reference to any offer for the loss of goodwill. This information is to be included under item 6, page 2.

In the event no loss of goodwill offer has been made or the services of an independent are being secured to provide an evaluation of this item of compensation, then this, as well as all other pertinent information on this subject, shall be included under item 19 on page 3.
