ASSISTANT RESIDENT ENGINEER'S DAILY REPORT

Location & Description of Operation CCO 106 Skyway Lowering

Surveyor Superintendent Dave Adams processes the Skyway Pier E3 survey Control Point data from the last 2 days. ABF Surveyors check the points on the Skyway OBG tie from Pier E2 Control - this will be checked against the future survey at night of these points from Pier E3. The ironworkers tow the two light plants from Pier 7 warehouse to the Skyway and position them near Pier E3. I discuss with ABF (Dave Adams, Katherine Quillin) leaving the light plants on Skyway a few extra days beyond ABF's nighttime survey so Caltrans can use them for lighting during a QA survey.

HOURS - ITEM NO.

CCO 106 - Survey
