Dear Michael Flowers,

Submittal 168, Rev. 1 - MFSQA for Shanghai Zhenghua Port Machinery Co.

The Department has completed review of the Organizational Chart provided for the Zhang Jiang Base of ZPMC under cover of ABF-CAL-LTR-000275, dated September 04, 2007, and find that the information provided sufficiently addresses Section K of the MFSQA. Please note that the submittal status remains unchanged and was previously returned "Approved as Noted," via 05.03.01-000474 on August 20, 2007.

In accordance with Special Provision section 8-4, "Audits," the Department is approving the request made in ABF-CAL-LTR-000292, dated September 06, 2007, to waive the audit for the Zhang Jiang Base of ZPMC. The Department understands that this facility will only be performing machining on the tower diaphragms. An audit will be required should additional work be performed at this facility beyond this understanding.

If you have any additional questions, please contact Gary Lai at the Working Drawing Campus.

Sincerely,

A handwritten signature in blue ink that reads "Gary Purcell".

Resident Engineer
