Self-Anchored Suspension Bridge

Letter No. 05.03.01-002669

Michael Flowers
Project Executive
American Bridge/Fluor, A JV
375 Burma Road
Oakland, CA 94607

Dear Michael Flowers,

Submittal 54, Rev. 13 - Welding Quality Control Plan for ZPMC - D36, D38 - Addenda

The Department has completed review of Submittal ABF-SUB-000054R13, "Welding Quality Control Plan (WQCP) for ZPMC - D36, D38 - Addenda," dated August 26, 2008. The Department confirms that the WQCP Addenda contained in this submittal has been previously "Approved as Noted," therefore, no further action is warranted.

Please be aware, WPS-B-T-2241-B-U2a-G is specific for the welding of the root pass of the closed rib partial joint penetration groove weld using a machine gantry device and is not approved for other components on this project.

The Department does not require any additional copies. It is recommended that all approved addenda be incorporated into the controlled copies used by the Contractor.

If you have any additional questions, please contact Gary Lai in the Working Drawing Campus.

Sincerely,

A handwritten signature in blue ink that reads "Gary Purcell".

GARY PURSELL
Resident Engineer
