Dear Michael Flowers,

CCO 53 - Grinding of Longitudinal OBG Deck Plate Welds

The Department has reviewed information provided by ABF and ZPMC in ABF-CAL-LTR-000669 and ABF-CAL-LTR-000632, regarding the scope of the work presented in CCO 53. Field evaluations of welding procedures have been conducted recently at ZPMC's facilities to further evaluate potential revisions to the scope of CCO 53. In light of this, the Department is re-evaluating, and will likely reduce the scope of CCO 53.

Consequently, the Department hereby rescinds the previous Authority to Proceed for CCO 53, issued September 09, 2008 via State Letter 05.03.01-002668, and the Department will provide direction in the near future regarding the revised scope of CCO 53 work.

Sincerely,

A handwritten signature in blue ink that reads "Gary Purcell".
