Self-Anchored Suspension Bridge
Letter No. 05.03.01-003438

Michael Flowers
Project Executive
American Bridge/Fluor, A JV
375 Burma Road
Oakland, CA 94607

Dear Michael Flowers,

Submittal 907, Rev. 1 - MFSQA for ZPMC Hot Dip Galvanizing

The Department has completed review of Submittal ABF-SUB-000907R01, "MFSQA for Shanghai Zhenghua Port Machinery – ZPMC Hot Dip Galvanizing," dated January 23, 2009. The submittal is "Approved," and will be discussed further at the Department Audit.

In accordance with Section 8-4 "Audits" of the Contract Special Provisions, the Galvanizing facility is eligible for a Department Audit. Notification regarding the available timeframes for this to occur should be discussed and arranged directly with the Department's representatives based at ZPMC.

It is anticipated that the Department will require a period of approximately eight hours at the facility to conduct the audit. To expedite the process, the Contractor should be prepared to provide the following:

1. A review of specific elements from the MFSQA form, ensuring the key personnel from each department are available to provide for an in-depth evaluation.
2. A shop visit to verify the responses from the MFSQA form and to "walk through" the Galvanizing procedure.
3. An "Exit Meeting" to discuss the findings from the audit.

If you have any questions, please contact Mohammad Fatemi at (916) 813-3677

Sincerely,

A handwritten signature in blue ink that reads "Gary Purcell".

GARY PURSELL
Resident Engineer
