Dear Michael Flowers,

Department Audit - Hangzhou Baoding Casting and forging Company, Ltd.

In accordance with Section 8-4, "Audits" of the Contract Special Provisions, the Department completed an audit of the Hangzhou Baoding Casting and Forging Company (BDZG) on September 14, 2010. BDZG is a subcontractor to ZPMC and will perform the casting fabrication and rough machining of bearing blocks for the East Cable Anchorage and barrier rail flumes.

The facility has demonstrated the capability of producing casting for the SAS Project. Pursuant to audit discussion, and based on the fact that neither welding repairs nor NDT will be performed, the BDZG facility is receiving a Contingent Pass. However, the following items must be addressed prior to the start of work at the facility:

1. Certify the furnace ovens to be used in accordance with ASTM A991.
2. Obtain re-certification of the laboratory tensile testing machine.

If you have questions, please contact Dr. Mazen Wahbeh at (818) 292-0659.

Sincerely,

A handwritten signature in black ink, appearing to read "Pete Siegenthaler".
