SIX SB 1 PROJECTS WITHIN SAN JAOQUIN COUNTY TO START BY JULY 2018

Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017, was signed into law on April 28, 2017. This legislative package invests $54 billion over the next decade to fix roads, freeways and bridges in communities across California and puts more dollars toward transit and safety. These funds will be split equally between state and local investments. As of June 2018, a total of 29 SB 1 funded projects totaling over $398 million have been identified within Caltrans District 10’s eight counties.

Below are six SB 1 projects located within San Joaquin County which all are scheduled to begin by July 2018. Each one of these projects is designed to either: replace and repair existing roadways, rehabilitate bridges, and/or improve safety for motorists, commuters and tourists, as well as the commercial trucking industry that relies heavily on transportation through San Joaquin County.

Projects such as these are vital to the San Joaquin Valley Region which relies on a safe, smooth and efficient transportation system for Valley commuters to reach the Bay Area, movement of key agricultural goods and services, and motorists to arrive at key destinations such as the Stockton Airport, University of the Pacific, Port of Stockton, Lodi vineyards, and the Delta waterways.

- Interstate 5 (I-5) - $2.6 million SB 1-funded project that will repair and replace sections of nearly 70 lane miles of I-5 between Hammer Lane in Stockton and the San Joaquin/Sacramento County line.

- I-5 - $3 million SB 1-funded project that will rehabilitate the Smith Canal Bridge in Stockton and the I-5/State Route 120 (SR-120) overhead bridge, south of Lathrop, west of Manteca.

- I-5 - $4.8 million SB 1-funded project that will install new 6-inch wide striping throughout San Joaquin County.

- State Route 99 (SR-99) - $2.1 million SB 1-funded project that will install new 6-inch wide striping throughout San Joaquin County.

- State Route 4 (SR-4) - $3.3 million SB 1-funded project that will repave 30 lane miles from SR-4/Crosstown Freeway to Hammer Lane in Stockton.

- State Route 12 (SR-12) - $1.8 million SB 1-funded project that will repave nearly 5 lane miles between Guild Avenue in Lodi to Bruella Road in Victor.
