

THE 91 WEEKEND SHIFT

BE AWARE, PREPARE & SHARE

THE SHIFT IS ON. SO BE AWARE, PREPARE AND SHARE!

BE AWARE.

Beginning Friday, Sept. 9, 2016, OCTA in partnership with Caltrans District 12 will begin repaving the 91 Express Lanes in Orange County. To maximize safety and accelerate paving, the 91 Express Lanes and sections of the #1 general-purpose lane will be closed over 10 weekends, 5 weekends in each direction.

Construction crews will begin repaving in the eastbound direction only, and closures will start at 11 p.m. on Friday, Sept. 9 and reopen by 6 a.m. on Monday, Sept. 12. Please note that eastbound and westbound weekend closure times are different and account for differences in travel demand.

Remaining general-purpose lanes on SR-91 will be open to motorists, and all lanes will be fully open for peak-hour weekday commutes.

PREPARE.

During weekend work, freeway capacity will decrease and congestion will increase. To steer clear of congestion and delays, motorists are strongly encouraged to:

- Avoid the project area
- Take alternate routes or transportation
- Plan for longer travel times
- Follow the project on social media
- Check road conditions
