MINER SLOUGH BR. ON
STATE 84

From: DEPARTMENT OF TRANSPORTATION
Office of Environmental Engineering

Subject: Air Quality Assessment (received on 03/18/15)

Comments from the Air/Noise/Energy Branch

Since this is a bridge reconstruction project with no additional travel lane(s), a type of project listed in Table 2 - Exempt Projects under 40 CFR 93.126, the proposed project is exempt from project-level conformity determination and no air quality study is necessary.
