**FOR IMMEDIATE RELEASE**

**RIBBON CUTTING CELEBRATION  
Interstate-80 Midway Road Bridge  
Above I-80 Between Vacaville and Dixon  
Friday, April 13, 2018 at 10:00 AM  
Newest Addition to California's Infrastructure Opening Soon**

**WHAT:** Caltrans is hosting a ribbon cutting celebration for the new Interstate-80 (I-80) Midway Road Bridge located above westbound and eastbound I-80 near the Dixon/Vacaville city limits.

The new brings the bridge up to new seismic safety standards and improves safety for the more than 140,000 motorist who travel on I-80 daily between Sacramento and San Francisco. The bridge will be open to live traffic with the next few days.

**WHEN:** Friday, April 13, 2018 at 10:00 AM

**WHERE:** Westbound I-80 side of Midway Bridge (park on westside I-80 side of bridge approach on Midway Road, flaggers will assist with parking).

**WHO:** Caltrans Director, CHP Chief of Golden Gate Division, Director of Sacramento Valley National Cemetery, City of Dixon and City of Vacaville representatives, County of Solano Supervisors, Solano Transportation Authority (STA) Chairman, Travis AFB Color Guard.

**WHY:** Caltrans has demolished and rebuilt the I-80 Midway Bridge to bring it up to modern seismic safety standards. The new bridge is one of many major infrastructure projects slated for the I-80 corridor between the Bay Area and Sacramento. The opening of the new bridge also reconnects local residents and businesses in Vacaville and Dixon and restores direct access to Midway Road for thousands of visitors to the Sacramento Valley National Cemetery.
