FOR IMMEDIATE RELEASE

Interstate 580 Richmond-San Rafael Bridge Emergency Repair Update

Motorists to Plan Ahead for Weekend Travel

Contra Costa/Marin Counties – Caltrans engineers will make adjustments to the temporary repairs made at the expansion joint on the Interstate 580 Richmond-San Rafael Bridge. Caltrans engineers will replace the metal plate currently in place with a larger metal plate. One lane of traffic will be closed in each direction with minimal impacts to traffic expected. Work is planned overnight between 9:00 PM and 7:00 AM.

Travelers can expect intermittent lane closures overnight on Friday, February 8 and potentially Saturday, February 9. All repairs are expected to be complete before Monday morning's commute.

Permanent repairs are planned to begin during the week of February 11.

Safety remains the Department's highest priority.

Travel information is available on Caltrans QuickMap: <http://quickmap.dot.ca.gov/> and 511.org.

Changeable message signs and directional signs are in place to assist motorists traveling in the area.
