Motorists should expect delays and consider alternate routes.

Lane, connector, and ramp closures will occur at the following locations:

#### **Tuesday, August 23 – Thursday, August 25, 10 p.m. - 6 a.m.**

Up to four lanes closed on northbound US 101 from Tampa Avenue to De Soto Avenue

Southbound US 101 connector to the US 101/I-405 Interchange and southbound I-405 connector to the interchange will be closed from 11 p.m. to 7 a.m.

The pavement on north- and southbound US 101, connectors, and ramps will be rehabilitated by using rubberized hot mix asphalt, Portland concrete cement, and pre-cast concrete slabs. The existing metal beam guardrail (metal and wood barriers) will also be replaced to enhance safety.

This \$62 million contract was awarded to Myers and Sons Construction, LP of Sacramento, California. The project is funded by the State Highway Operation and Protection Program (SHOPP). The project is expected to finish in fall 2016.
