

Caltrans District 9 Bicycle Guide

SR 136

Description:

SR 136 is a shared 2-lane conventional highway with narrow shoulders. The route begins at its junction with US 395 one mile south of Lone Pine. The highway is generally flat with some rolling terrain as it approaches its junction with SR 190. The highway provides spectacular views of the Owens Lakebed to the west and the Inyo Mountains to the east. Traffic on this route is light.

Services:

Place	Restaurant	Store	Motel	Camp Grounds
