

Caltrans District 9 Bicycle Guide

SR 190

Description:

SR 190 begins at its junction with US 395 in Olancha, heads east and ends at SR 127 at Death Valley Junction. This is a 2-lane conventional highway with 2 foot shoulders, with the exception of a Class I bike facility with 8 foot shoulders from Borax Mills Road to the Furnace Creek Visitor Center. SR 190 features moderate to steep grades where traffic is light and mostly recreational vehicles. Drinking water is necessary since services are sparse and shade is non-existent. The average summer temperature is 120 degrees.

Services:

Place	Restaurant	Store	Motel	Camp Grounds
Furnace Creek				
Olancha				
Panamint Springs				
Stovepipe				
Death Valley JCT				

Class I (Bike Path) -
