REVISED - Lane Closure Report for the week of 9/10/18 – 9/14/18

Inyo, Mono & Eastern Kern Counties – The California Department of Transportation (Caltrans) would like to alert the traveling public to be careful of workers on the Highway, to Slow for the Cone Zone and Move Over where possible. The scheduled lane closures for the week of September 10th through September 14th are as follows:

Mono County:

Please note: Construction work is scheduled as noted below, but may be interrupted due to the Boot Fire that is located nine miles southwest of Walker, CA and 15 miles northwest of Bridgeport, CA.

- **Walker Canyon Cold In Place Recycle (CIR) Project** – On US Highway 395 near Walker from State Route 108 to Eastside Lane. Construction crews are repairing the highway to extend the life of the pavement. There will be daily lane closures that may delay traffic up to 30 minutes, Monday through Thursday, from 6:00 am to 6:00 pm and Friday 6:00 am to 3:00 pm.
- **Sheep Ranch Shoulders Project** - On US Highway 395 near Bridgeport from Buckeye Road to 2.9 miles south of Swauger Canyon. Construction crews are widening the highway and installing slope nets and retaining walls. There will be 24-hour one-way traffic control with a pilot car that may delay traffic up to 30 minutes beginning on September 5th and continuing through September 21st.

Inyo County:

- **Bishop ADA Project** – On State Route 168 west (aka Line Street) between Main Street and Sunland Drive and on US Highway 395 between Jay Street and Elm Street, construction crews are repaving driveways, and replacing portions of curb and gutters. Crews will be working various hours. Traffic will encounter lane closures with a slight detour but no delays.
- **North See Vee Signal Project** – On US Highway 395 at the junction of See Vee Lane north of Bishop. Construction crews are installing signals, curb and gutter, and ADA compliant sidewalks. Construction is currently in suspension because the Contractor has failed to complete the project and is in default. Caltrans is working to expedite the completion of this project.
- **Inyo & Mono US Hwy 6 Pavement Project** – This is an SB1 Project! On US Highway 6 from north of Five Bridges Road to north of Pumice Mill Road, construction crews are repaving the highway. There will be daily lane closures that may delay traffic up to 20 minutes Tuesday through Thursday between 6:30 am to 8:00 pm, and on Friday 6:30 am to 3:00 pm.
- **Inyo & Mono US Hwy 395 Pavement Project** – This is an SB1 Project! On US Highway 395 from Barlow Lane to Pleasant Valley Dam Road, construction crews are repaving the highway. There will

TRAFFIC ADVISORY

be lane closures on Monday, September 10 that may delay traffic up to 20 minutes from 6:30 am to 8:00 pm.

- **Inyo AR US 395 Chip Seal Project** – On US Highway 395 in Inyo County near Olancho, from Haiwee Canyon Road to the Los Angeles Aqueduct Bridge (postmile 25.8 – 31.3), and from ½ mile south of Ash Creek Bridge to 1.6 miles north of Cottonwood Creek Bridge (postmile 41.4 – 45.5). Construction crews will be conducting striping operations as part of the chip seal on the highway to extend the life of the pavement. There will be daily lane closures on one lane of traffic that should not impact traffic, Monday through Thursday 6:00 am to 8:30 pm, and Friday 6:00 am to 3:00 pm to perform final striping operations.

- **Towne Pass Thin Blanket Project** – On State Route 190 from postmile 68.4 to 78.0 (1 ½ miles east of Wildrose Rd. to Townes Pass), construction crews are repaving the highway. There will be daily lane closures Wednesday and Thursday, between 6:00 am to 8:00 pm, and on Friday 6:00 am to 3:00 pm, that may delay traffic up to 20 minutes.

New Project!

Kern County:

- No Construction in Kern County this week.

San Bernardino County – District 9 Projects:

- **US Hwy 395 Shoulder Widening** – In San Bernardino County on US 395 from 6.9 miles south of Kramer Junction to Kramer Junction. Construction crews are constructing a 4-foot median buffer, widening the existing shoulders to 8 feet, and installing rumble strips on the centerline and shoulders. There will be daily lane closures that may delay traffic.
- **Kramer Junction Expressway Project** – In San Bernardino County on State Route 58. The project realigns and widens 13 miles of SR-58, builds a new SR-58 & US Highway 395 Interchange, and one railroad grade separation. The majority of the construction activity continues to be away from the current SR-58 Expressway. For more information about this project visit:

<http://www.dot.ca.gov/dist8/Project-SR-58-Kramer-Junction-Expressway.html>

Work schedule is subject to change due to traffic incidents, weather, availability of equipment and/or materials, and/or construction-related issues.

SB 1 provides an ongoing funding increase of approximately \$1.8 billion annually for the maintenance and rehabilitation of the state highway system. SB 1 funds will enable Caltrans to fix more than 17,000 lane miles of pavement, 500 bridges and 55,000 culverts by 2027. To learn more about SB1 please visit:
