FOR IMMEDIATE RELEASE

CALTRANS TO PERFORM CONCRETE REPAIRS ON CASTILLO STREET NEAR U.S. HIGHWAY 101

SANTA BARBARA – Caltrans will perform concrete repairs on a section of the recently completed Castillo Street Pavers Project near US Highway 101 on **Wednesday, Nov. 25 from 9 am until 3 pm**. Motorists headed eastbound will encounter one lane closed to traffic during this time.

In addition, a full closure of the eastbound lanes of Castillo Street at US Highway 101 will begin on **Tuesday, Dec. 1 beginning at 7 pm until Wednesday, Dec. 2 at 7 pm** for concrete repair work. Motorists may detour by using the southbound US Highway 101 on-ramp at Castillo Street or use Yanonali Street to State Street.

This project which includes the use of interlocking pavers will allow the groundwater to drain while providing a smooth driving surface for motorists and cyclists while reducing the need for ongoing maintenance.

The contractor for this \$873,000 project is Peterson Chase Construction of Irvine, CA. Caltrans wishes to thank the community for their patience during this project.

Caltrans reminds motorists to move over and slow down when driving through highway construction zones.

For more information on this project and for traffic updates on other Caltrans projects in Santa Barbara County, residents may call the District 5 toll free number at 805-568-0858 or visit our website at: <http://www.dot.ca.gov/dist05/paffairs/release.htm#>
