## Statement of Qualifications

### ***Environmental Compliance***

---

Cogstone Resource Management Inc. (Cogstone) is a California corporation formed in April 2001, specializing in paleontology, archaeology and history, serving both public and private-sector clients throughout California. For over thirteen years, Cogstone has provided quality environmental services to assist clients in meeting project compliance requirements for federal, state, and local regulations, including the California Environmental Quality Act (CEQA), National Environmental Policy Act (NEPA), and Section 106 of the National Historic Preservation Act (NHPA), among others.

Cogstone recognizes the importance of producing thorough and defensible work products that stand up to both industry review and legal challenge. This includes every facet of the cultural resource management process, from initial review and client consultations through implementation of mitigation programs during construction to reporting and public outreach.

The company's client list includes a broad array of federal, state, and county public agencies, full-service environmental firms, and private developers.

Cogstone takes pride in its ability to respond quickly and effectively to the diverse needs of its clients throughout California. Cogstone holds California statewide BLM paleontology and cultural permits. Our personnel are certified/qualified in all municipalities in California that maintain lists.

### ***Transportation Experience***

---

Cogstone has served as prime and subconsultant on numerous transportation projects throughout California. Cogstone professional staff is familiar with the compliance requirements of the California Department of Transportation (Caltrans), Federal Highway Administration (FHWA), and Federal Transit Authority (FTA). They address the impacts to cultural resources associated with new construction and improvements for light and heavy rail; roads, freeways, bridges, and grade separations in urban and rural environments.

Cogstone's cultural resources specialists have extensive experience with projects with Caltrans as the lead agency. They are knowledgeable of the processes and procedures required to obtain NEPA/Section 106 environmental approvals by Caltrans. Our personnel meet or exceed the Secretary of the Interior's *Standards and Guidelines for Archaeology and Historic Preservation (36 CFR Part 61)* and the professional qualifications standards outlined in Attachment 1 to the Section 106 Programmatic Agreement with the Federal Highway Administration (FHWA).
