VALLE & ASSOCIATES SKILL AND EXPERIENCE

FIRM PROFILE

Valle & Associates Civil Engineering Consultants Inc. provides planning and engineering consulting services to public and private sector clients, specializing in traffic engineering, street and roadway design, utilities, drainage, transportation planning, and project management. Our professional staff and managers possess substantial knowledge of the design standards, construction requirements, and third party coordination efforts necessary to perform design-build and construction in the Greater Los Angeles area. Our professional staff of registered Civil and Traffic Engineers has been involved from concept to completion in many of the largest public works and design-build projects in Southern California that have involved direct coordination with entities such as city of Los Angeles, Caltrans, LACMTA, Los Angeles Department of Water and Power, Southern California Gas, Southern California Edison, Los Angeles County Flood Control, San Gabriel Valley cities, San Fernando Valley, the Exposition Authority, and the Gold Line Foothill Extension Authority.

Valle & Associates possesses a team of over 20 professionals with the experience and required California professional registrations to produce traffic engineering and civil engineering plans. The company is a US DOT Regulation 49 CFR Part 26 DBE, MBE, and SBE firm certified by the Metropolitan Transportation Authority (MTA) and Port of Long Beach.

The company's traffic engineering experience includes design of traffic signals, pavement delineation, street lighting, roadside and overhead signage, freeway ramp meter signals, ramp lighting, construction staging and traffic handling plans, and transportation planning analysis. Our roadway design experience includes pavement design, rehabilitation projects, ADA improvements, drainage design, parking lot design, intersection design, and intensive utility coordination. In addition to design, Valle & Associates has construction support experience that includes construction management, third party owner representation, and noise attenuation.

The president of the company is Mr. Jose Valle, who founded Valle & Associates after 10 years of experience in capital improvement and design-build projects.
