For Immediate Release

FULL CLOSURES ON THE FOOTHILL FREEWAY (I-210)

Los Angeles - The California Department of Transportation (Caltrans) will **fully** close portions of the east- and westbound I-210 as part of the I-210 Paving and Rehab Project starting at the Dunsmore Avenue undercrossing to the North Los Robles Avenue overcrossing. Scheduled closures are subject to change and/or cancelation.

Wednesday, October 28 and Thursday, October 29 from 7 p.m. to 6 a.m.

Westbound I-210 to the Westbound I-210 Connector

- Profile grind the existing concrete pavement.

Detour:

- Motorists will be detoured to the Fair Oaks Avenue off-ramp. Travel north on Fair Oaks Avenue then go west on Mountain Street to the westbound I-210 on-ramp.

Sunday, November 1 and Monday, November 2 from 7 p.m. to 6 a.m.

Eastbound I-210 to the Eastbound I-210 Tunnel

- Profile grind the existing concrete pavement.

Detour:

- Motorists will be detoured to the Colorado Boulevard off-ramp. Travel east to Walnut Street then go east on Corson Street to the eastbound I-210 on-ramp.

The night time closures are necessary to minimize traffic delays and provide a safer work zone for construction crews and motorists while working along the I-210.

The contractor for this \$148.5 million project is Flatiron West, Inc., Chino Hills, California. Construction signs and changeable message signs will be in place to alert motorists to construction activities and closures. Detour signs will be posted. Motorists should anticipate delays, plan ahead and use alternate routes. Caltrans appreciates your patience while we work to improve I-210. For additional information, contact Jackie Beaver at (213) 897-7602 or email at jacqueline.beaver@dot.ca.gov. Caltrans advised motorists to “Be Work Zone Alert.”
