FOR IMMEDIATE RELEASE

Northbound US 101 Full Freeway Closure for US 101/23 Interchange Improvement Project

Thousand Oaks - The California Department of Transportation (Caltrans) will close **all** lanes of northbound US 101 between Westlake Boulevard and Hampshire Road beginning Tuesday, December 29 at 11:59 p.m. through Wednesday, December 30 at 5 a.m. The closure is weather permitting and subject to change.

Motorists will be directed to exit northbound US 101 at Westlake Boulevard, turn right on Westlake Boulevard, turn left on Thousand Oaks Boulevard, then turn left on Hampshire Road to access the northbound US 101 on-ramp.

The interchange project adds a lane to the U.S. 101/SR-23 connector and to US 101 at various locations; widens three bridges; realigns the Moorpark Road ramps; and constructs soundwalls and retaining walls throughout the project limits.

The speed limit on the SR-23 and US 101 freeways within the project area has been reduced to 55 miles per hour. Motorists are reminded to slow down within the project corridor, use caution and observe all posted signage while traveling through the construction zone.

Security Paving is the contractor on the project, estimated to complete in spring 2016. For more information regarding this work, visit the project website www.toaks.org/10123

Caltrans reminds you to **“Slow For the Cone Zone.”**
