FOR IMMEDIATE RELEASE

Closures for I-5 HOV Improvement Project (SR-118 to SR-170)

San Fernando Valley — The California Department of Transportation (Caltrans) will close the following lanes, ramps and connectors of the Golden State Freeway (I-5), the Ronald Reagan Freeway (SR-118) and the Hollywood Freeway (SR-170) as part of a \$140-million improvement project to construct High Occupancy Vehicle (HOV or carpool) lanes and a direct HOV lane connector at the I-5/SR-170 interchange. Closures are subject to change.

Golden State Freeway (I-5) Closures

Sunday, May 15, through Friday, May 20

- The following Northbound I-5 on- and off-ramps will be closed through January 2012: Sheldon Street, Osborne Street, Van Nuys Boulevard (off-ramp only)
- Southbound I-5 Branford Street On-Ramp
TIME: 8 p.m. to 6 a.m.
- Southbound I-5 Van Nuys Boulevard on-ramp will be closed through January 2012.

About the Project

Caltrans is constructing an HOV lane in each direction on I-5 between the Hollywood Freeway (SR-170) and SR-118, a distance of 6.8 miles (3.4 miles in each direction). The project is also widening four undercrossings, replacing sections of pavement, and building a direct HOV connector at the I-5/SR-170 interchange. A direct HOV connector allows for freeway-to-freeway transfers without exiting the carpool lane.

This project will alleviate congestion, encourage carpooling, improve air quality, and provide a smoother ride for motorists. The work is part of Caltrans' effort to provide motorists with a seamless carpool lane network in California.

Work began in August 2010 and is on track for completion in late 2013. Caltrans thanks motorists for their patience and understanding during construction.
