**FOR IMMEDIATE RELEASE**

## **Delays on Topanga Canyon Boulevard (SR-27) for Rock Removal**

**TOPANGA** – The California Department of Transportation (Caltrans) rock climbers will remove loose rocks along the slopes of Topanga Canyon Boulevard on Thursday, August 25 from 9 a.m. to 3 p.m., between Via Topanga Canyon Rd. and Amlar Rd. Delays could last as long as 15 minutes. Traffic control will be in place.

With the help of contractor dirt haulers, Caltrans' rock climbers will ascend slopes to clear rocks that could potentially fall onto the highway during rainy weather.

Motorists should consider alternate routes.
