State Route 60 is a heavily traveled freeway and a main truck route to and from the Ports of Los Angeles and Long Beach. The addition of carpool lanes will alleviate congestion on this route. As part of this project, Caltrans will construct soundwalls to minimize freeway noise, upgrade and reconfigure on- and off-ramps as needed. Completion of the project is estimated for Fall 2010. Skanska USA is the contractor on this \$125 million project. Caltrans advises motorists to “**Slow For The Cone Zone.**”
