PAVING WORK SCHEDULED ON ROUTE 150

MIRA MONTE – The California Department of Transportation (Caltrans) will pave Route 150 between Baldwin Road and Loma Drive from 8 a.m. to 4 p.m. on Wednesday, April 23 and Thursday, April 24. Flaggers will provide traffic control but motorists can expect delays of up to 15 minutes.

This work is part of an \$8.4 million project started in July, 2007 to rehabilitate the pavement on Route 150 from Santa Ana Canyon Road to Loma Drive by placing rubberized asphalt concrete over the existing concrete pavement. Project completion is expected in late spring. Rehabilitating the pavement will extend its life, enhance safety and provide a smoother riding surface for motorists.
