

California Department of Transportation
Arroyo Parkway Upgrade Project

COMMUNITY MEETINGS

The California Department of Transportation (Caltrans) will host two meetings in December to provide information about the Arroyo Parkway (SR-110) Upgrade, a \$17 million project from the Golden State Freeway (I-5) in Los Angeles to Glenarm Street in Pasadena that will replace the existing metal beam and temporary barriers with decorative concrete median barriers and side barriers that mirror the stonework architecture seen throughout the surrounding communities.

Caltrans personnel will describe the project, projected freeway closures, detours and traffic impacts and answer questions.

The first meeting will be **Wednesday, December 9**, 6 p.m. to 8 p.m., at the City of South Pasadena Civic Library, 1115 El Centro Street, South Pasadena, CA 91030.

The second meeting will be **Wednesday, December 16**, 6 p.m. to 8 p.m., at Ramona Hall Community Center, 4580 North Figueroa Street, Los Angeles, CA 90031.

For further information about the meetings or the project, please contact Caltrans Public Information Officers Judy Gish, (213) 897-3487 or Kelly Markham, (213) 897-0303.
