

San Bernardino Freeway (I-10) High Occupancy Vehicle Lane Project

Azusa Avenue Construction Notice

The California Department of Transportation (Caltrans) will begin construction on Azusa Avenue between Garvey Avenue North and Garvey Avenue South in West Covina Monday, July 21 and continuing through early 2015 as part of the San Bernardino Freeway (I-10) HOV construction project.

Although not a full street closure, motorists visiting local businesses may experience delays. Intermittent access to and from I-10 at Azusa Avenue will be affected. Detour signs will be posted. Pedestrian access will remain available throughout construction.

Ames Construction, Inc. is the contractor on this \$193 million project, which will add an HOV lane in each direction of I-10 between Puente Avenue and Citrus Street. The project's anticipated completion is spring, 2019. Caltrans reminds you to **"Slow For the Cone Zone"**

**California Department of Transportation
District 7 – Los Angeles & Ventura Counties**
