FOR IMMEDIATE RELEASE

DAYTIME Lane and On-Ramp Closures at Alondra Boulevard

Interstate 5 South Corridor Improvement Projects

Santa Fe Springs – The California Department of Transportation (Caltrans) will work during daytime hours of 9 a.m. to 3 p.m. on Monday, July 9 through Friday, July 13 at two locations: on the Alondra Boulevard Bridge between Marquardt Avenue and Valley View Avenue, and at the northbound I-5 on-ramp at Alondra Boulevard.

The work involves clearing shrubbery in this area for the Santa Ana Freeway (Interstate 5) HOV Widening and Alondra Boulevard Bridge Project.

Motorists and the public can expect daily closures as follows:

Daily, 9 am to 3 pm

- **FULL CLOSURE: Northbound I-5 on-ramp at Alondra Boulevard.**

Motorists are advised to access northbound I-5 from other nearby on-ramps at Gateway Drive/Firestone Boulevard or Carmenita Road. Signs will be posted. The ramp will re-open by 3 p.m. daily for the evening commute.

- **TWO LANES CLOSED on the Alondra Boulevard Bridge.**

One lane in each direction will be open at all times between Marquardt Avenue and Valley View Avenue. All lanes will re-open by 3 p.m. daily for the evening commute.

Please consider the detour in your commute times. The closures are weather-permitting and are subject to cancellation.

The work is part of the \$110 million I-5 HOV Widening and Alondra Boulevard Bridge Project to construct one carpool and one general purpose lane in each direction, from North Fork Coyote Creek Bridge to Marquardt Avenue, reconstruct overcrossings at Alondra Boulevard and North Fork Coyote Creek, and realign and upgrade adjacent frontage roads. The contractor is C.C. Myers, Inc. of Anaheim, Ca.

Information about the I-5 South Corridor Improvement Projects is available by calling the toll-free I-5 Hotline (855) 454-6335 or visiting www.I-5info.com
