## NATIONAL BOULEVARD CLOSURE SCHEDULED

**LOS ANGELES** – The California Department of Transportation (Caltrans) will close all lanes of National Boulevard in both directions between Sawtelle Boulevard and Sepulveda Boulevard on Thursday, March 29 from 9 p.m. to 6 a.m.

Detours will be signed.

The closure is in connection to the \$167 million High Occupancy Vehicle (HOV, or carpool) project on the San Diego Freeway (I-405) from the Marina Freeway (Route 90) to the Santa Monica Freeway (I-10). The project is expected to complete late 2008, at which time the carpool lane on southbound I-405 will extend all the way from the San Fernando Valley to Orange County.
