## Southbound Santa Ana Freeway (Interstate 5)

### Southbound I-5 Rosecrans Avenue Ramps will CLOSE Overnight

**Norwalk** - Caltrans will fully close the southbound Santa Ana Freeway (Interstate 5) on-ramp and off-ramp at Rosecrans Avenue overnight on Thursday, January 30 from 11:59 p.m. to 5 a.m.

Also, both lanes (2 of 2 lanes) on eastbound Rosecrans Avenue (at the undercrossing) will be fully closed during the same hours. One westbound lane (1 of 2 lanes) on Rosecrans Ave will be closed; one lane will remain open to traffic.

The work involves widening the Rosecrans Avenue undercrossing at part of the Santa Ana Freeway (I-5) South Corridor Improvement Projects extending nearly seven miles in both directions from the Los Angeles/Orange County line to I-605 to widen the freeway, bridges and overcrossings and add one High Occupancy Vehicle (HOV) lane and one general purpose lane.

#### Reminder: Long-Term Closure on South Firestone Boulevard

South Firestone Boulevard remains fully closed in both directions from Rosecrans Ave. to just south of Silverbow Ave through April 2014. The work involves demolishing the existing roadway and reconstructing S. Firestone Blvd. and realigning the intersection of Bloomfield Ave. and Rosecrans Ave.
